Grow with your church community as you explore the richness of the gospel together.

How You Will Grow:

- Gain a clear understanding of the meaning of the New Testament.
- Practice applying biblical truths to your life.
- Get the resources to interpret scripture confidently.
- Foster a community of reflective learners.
- Tackle conflicting “truths” about the gospel together.

How It Works:

1. Join an *Introduction to the New Testament* group study at your local church. You can choose to just sit in, or participate for a Certificate of Completion.
2. Journey through 12 video-driven modules taught by Tyndale Seminary faculty in the intimacy of your faith community.
3. Engage in rich discussion facilitated by a faith leader, interact with the professor online, and dig into the recommended readings.
4. See the New Testament with new eyes and clearer understanding. Reflect together on what you have learned and challenge each other to live it out!

Meet the Professor

Dr. Duncan Reid is an Adjunct Professor at Tyndale Seminary. He will be online to respond to your questions and comments as they come up throughout your learning experience.

Benefits Include:

- Learning at a seminary level in a local church setting.
- Lively discussions with others from your faith community.
- Regular interaction with a Tyndale professor to enhance your learning.
- You choose your desired level of participation.

Learn More Today

Participants may opt for a Certificate of Completion or simply audit the course. Registered Tyndale Seminary students may complete the modules for credit towards an MDiv or MTS degree. Registration fees will vary.
