Message from the Academic Dean

Dr. Barry Smith

In Matthew 22, Jesus imparts His greatest commandment:

“Love the Lord your God with all your heart and with all your soul and with all your mind.”

At Tyndale University College, we strive to embody Christ’s calling in every discipline. Students will encounter subjects taught from a distinctly Christian point of view and engage with faculty, trained at prestigious universities from around the world, for whom Christ’s commandment resonates deeply within their person, their research and their teaching.

We believe that to love the Lord our God with heart, soul and mind is to understand His story, a story of truth, hope and healing, to embrace it as a learning community, and to proclaim it to the world. Tyndale is committed to imparting this story to our students through academic experiences and community involvement so that they may grow in knowledge and faith and use their gifts to affect the community, church and culture around them.

& Dean of the University College

Founded in 1894, Tyndale is strategically positioned in Toronto, Ontario.

Mission Statement

Tyndale University College & Seminary is dedicated

to the pursuit of truth,
to excellence in teaching, learning and research,
for the enriching of mind, heart and character,
to serve the church and the world,
for the glory of God.

The Tyndale Crest

The centrepiece of the crest for Tyndale University College & Seminary is a lantern, symbolic of Psalm 119:105, which reads: "Your word is a lamp to my feet and a light for my path." Below the lantern is the Greek motto *douloi Christou* ("servants of Christ"), declaring the vision of the school for all students, faculty, staff and alumni to serve the church and the world for the glory of God.

Statement of Faith

Tyndale University College & Seminary is a Christian institution of higher education standing in the Protestant Evangelical tradition. With all Christians East and West, North and South, we affirm the historic Apostles' and Nicene creeds, and we affirm our spiritual kinship with all who seek to exalt and serve the Lord Jesus Christ.

We are also rooted in the Protestant Reformation with its conviction concerning the Lordship of Jesus Christ and the normative authority of Scripture. In the tradition of the Evangelical awakenings, we proclaim the message of a personal faith in the crucified Christ and a transformed life through the Spirit. Born out of the world missionary movement of the 19th century, we continue to serve the global church in all its cultural diversity. We embrace the biblical call to seek justice and peace and to serve the poor, the vulnerable and the oppressed.

The following Statement of Faith reflects our own specific theological identity within that worldwide church.

We believe that:

- There is but one true and living God who exists eternally in three persons: the Father, the Son, and the Holy Spirit. God alone is Creator, Preserver and Governor of all things visible and invisible, at work in the world to redeem creation.
- The eternal Son of God, incarnate in Jesus of Nazareth, was conceived by the Holy Spirit and born of the Virgin Mary. He declared God's Kingdom and embodied that reign in His acts. Having rendered a life of perfect human obedience to the Father, He died on the cross as a vicarious and victorious atonement for sin. In His atoning death and bodily resurrection, Christ opened the way of rescue from sin and death, reconciling the world to God. Exalted as Lord, He continues to intercede on behalf of His people.
- The Bible, both Old and New Testaments together, is Holy Scripture. It is the authoritative written Word of God, inspired by the Holy Spirit, inerrant in all that it teaches, the one entirely trustworthy rule for faith and life. The teachings of Holy Scripture are apprehended through the careful study of the text in all its dimensions, together with prayerful theological reflection, under the guidance of God's Spirit.
- Human beings alone, both male and female, are created in the image of God. All people are made to enjoy relationship with God, with one another, and with the good creation of which we are stewards. Humankind's sinful disobedience has incurred God's just judgment, bringing sin, guilt, depravity and misery upon all humanity.
- God in mercy and grace redeems all who repent of their sin and trust Jesus Christ alone for their salvation, justifying them through faith in the Saviour, restoring their relationship with Him, giving them new life by the Holy Spirit, and empowering them for discipleship.
- The one holy, catholic and apostolic church occurs in local communities of believers all over the world. The Church is the Body of Christ, the People of God, and the Fellowship of the Spirit, sent into the world to glorify Jesus Christ and to bear witness to God's dawning Kingdom in word and deed.

- On a day that has been appointed, Jesus Christ will appear again as judge to raise the righteous unto eternal blessing and the unrighteous unto eternal separation from God. He will consummate His kingdom of peace, and His redeemed will enjoy everlasting life, reigning with Christ in the new heavens and the new earth.

History

Tyndale has been training Christian leaders for over 120 years, with its original mission to provide Christian higher education in service of the church remaining constant. Tyndale University College & Seminary is proud to continue the tradition of decades of service embodied in its institutional lineage, including: Toronto Bible Training School, Toronto Bible College, London Bible Institute/London College of Bible and Missions, Ontario Bible College/Ontario Theological Seminary and Tyndale College & Seminary.

Founded in 1894, Toronto Bible Training School was the third of its kind to be established in North America and the first in Canada. Under the leadership of Dr. Elmore Harris, then minister of the historic Walmer Road Baptist Church, Toronto Bible College (TBC) came into being. London College of Bible and Missions (LCBM) began in 1935 as London Bible Institute, led by Dr. J. Wilmot Mahood. After the merger of TBC and LCBM in 1968, it was renamed Ontario Bible College (OBC). In 1976, OBC moved to north Toronto and established a graduate school, Ontario Theological Seminary (OTS – now Tyndale Seminary). With over 900 students, Tyndale Seminary is now Canada's largest seminary.

The name Tyndale College & Seminary was adopted in 1998 as part of a renewed vision to build a world-class centre of Christian higher education. William Tyndale, an early English reformer, was a scholar and student of the Scriptures with a passion for the Christian faith and a willingness to serve God. His commitment to making the Scriptures available to all persons led him to undertake the first English translation of the Bible at the cost of his own life. He is a model for scholarship, Christian faith and vision, not only for students but for the entire Tyndale community.

On June 26, 2003, the Ontario Legislature passed a bill that authorized a further change of the name of the institution to Tyndale University College & Seminary. The bill also authorizes Tyndale to offer the Bachelor of Arts and Bachelor of Arts (Honours) degrees in the humanities, the social sciences and business. With this authority, Tyndale University College & Seminary continues its tradition as a place of scholarship and training for those who wish to be salt and light in the world.

In 2007, Tyndale received approval from the Ontario Ministry of Training, Colleges and Universities and the Ontario College of Teachers to offer a Bachelor of Education program to prepare teachers for primary, junior and intermediate grades. Graduates of the program are eligible for a Certificate of Qualification from the Ontario College of Teachers.

In 2007, Tyndale negotiated the purchase of the 56-acre Morrow Park property on Bayview Avenue from the Sisters of St. Joseph of Toronto. Tyndale took possession of the property on April 1, 2013 and began full and complete operations on the new campus in 2015.

Academic Freedom

As an evangelical Protestant community of learning, Tyndale’s affirmation of academic freedom is within the context of our orthodox theological heritage and vision of life. The Faculty and the Board of Governors of Tyndale University College & Seminary have endorsed our “Statement on Academic Freedom,” and consider it to be in harmony with the Association of Universities and Colleges of Canada’s (AUCC) 2011 “AUCC Statement on Academic Freedom,” which is quoted in part here:

What is academic freedom?

Academic freedom is the freedom to teach and conduct research in an academic environment. Academic freedom is fundamental to the mandate of universities to pursue truth, educate students and disseminate knowledge and understanding.

In teaching, academic freedom is fundamental to the protection of the rights of the teacher to teach and of the student to learn. In research and scholarship, it is critical to advancing knowledge. Academic freedom includes the right to freely communicate knowledge and the results of research and scholarship.

Unlike the broader concept of freedom of speech, academic freedom must be based on institutional integrity, rigorous standards for enquiry and institutional autonomy, which allows universities to set their research and educational priorities.

The responsibilities of academic freedom

Evidence and truth are the guiding principles for universities and the community of scholars that make up their faculty and students. Thus, academic freedom must be based on reasoned discourse, rigorous extensive research and scholarship, and peer review.

Academic freedom is constrained by the professional standards of the relevant discipline and the responsibility of the institution to organize its academic mission. The insistence on professional standards speaks to the rigor of the enquiry and not to its outcome.

The constraint of institutional requirements recognizes simply that the academic mission, like other work, has to be organized according to institutional needs. This includes the institution's responsibility to select and appoint faculty and staff, to admit and discipline students, to establish and control curriculum, to make organizational arrangements for the conduct of academic work, to certify completion of a program and to grant degrees.

(AUCC Statement on Academic Freedom, 2011)

Tyndale's Statement on Academic Freedom

At Tyndale University College & Seminary, the institution as a whole, its individual faculty members and its students have the right to academic freedom, understood to consist in the free and responsible investigation of issues and ideas and the expression of conclusions and beliefs, in discussion or publications, without interference.

Academic freedom is always experienced within a context of standards or norms. Tyndale University College & Seminary affirms the freedom of the academic community both to define its core theological convictions and to maintain its institutional commitments, which guide the pursuit of its mission. At the same time, Tyndale University College & Seminary affirms an individual faculty member's freedom to express, in his or her writing, teaching and activities, personal beliefs and academic positions. While individual faculty members are free to develop and change their views on theological and academic matters, the unique task of the institution requires that the position of faculty members not be at variance with the core theological convictions of the community as set forth in the Statement of Faith and in the Community Standards Statement.

Affirmations of Academic Freedom

In light of this understanding of academic freedom, Tyndale University College & Seminary affirms the following statements:

- Faculty members are entitled to freedom in research and in the publication of the results within their fields of academic competence.
- Faculty members are entitled to freedom in their classrooms to address matters within the general subject area implied by the course title and description. Faculty members are not free to use the classroom as a means of promoting causes unrelated to the subject matter of the course at hand.
- In speaking and writing about matters not directly related to their field of academic competence, faculty members enjoy the same freedom of speech (as distinct from academic freedom) as do other individuals and citizens. In exercising this right, faculty should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should avoid the impression that they are speaking on behalf of Tyndale University College & Seminary.

- Faculty members have the freedom to explore theological understandings that stand in an uncertain relationship to Tyndale University College & Seminary’s Statement of Faith and/or to the Community Standards Statement, but each member must realize that the institution as a whole has the task of interpreting the Statement of Faith.
- Students are not required to subscribe to the views of Tyndale University College & Seminary, and are free to learn and to take reasoned exception to the theological positions or academic views offered in the Tyndale community. In their public expressions, students and student organizations should make clear that they speak only for themselves.
- Faculty members are responsible for safeguarding the academic freedom of their students to learn by encouraging free inquiry into controversial issues, presenting alternative viewpoints, refraining from undue influence of the process of learning, taking dissenting student opinion seriously and offering a forum for discussion.
- Students shall not be penalized merely for holding a reasoned viewpoint on a particular issue that varies from the position of Tyndale University College & Seminary or of a faculty member.

Procedures Related to Academic Freedom

1. If any individual believes that a faculty member has separated from the theological community at Tyndale University College & Seminary by advocating a position clearly at variance from the Statement of Faith and/or the Community Standards Statement, the individual should first approach the faculty member directly and privately for clarification.
2. If this attempt is not successful, the individual should bring evidence, beyond rumour or hearsay, to the University College/Seminary Academic Dean. Allegations charging violation of the Statement of Faith or Community Standards Statement or professional standards shall be reviewed only after evidence is submitted.
3. Unsubstantiated charges or even substantiated charges about a faculty member referred to an administrator without first confronting the individual with the charges shall be viewed as a serious breach of ethics and a violation of the Statement on Academic Freedom.
4. Retractions or modification of utterances by faculty members are not required nor expected on the basis merely of a complaint received against them.

Divergent Viewpoints

- Tyndale University College & Seminary affirms the central tenets of historic Christian orthodoxy. This faith, expressed in the Scriptures, creeds of the early church, and confessions of the Protestant Reformation tradition, is reflected in the Statement of Faith. We affirm these truths as holding primary importance.

- There are other matters of faith and practice that we consider as secondary. These relate to matters on which the biblical witness does not appear conclusive, or on which Christians have not reached a clear consensus. We need to study, pray and work together for greater understanding of such matters.
- We seek to avoid a stance in which secondary matters are given absolute importance, by which multid denominational cooperation is subjected to strain and mutual acceptance is precluded by sectarian narrowness.
- While emphasizing the primary truths shared by all who affirm historic Christian orthodoxy, we also recognize the right of congregations and denominations to develop and teach their own distinctives. Tyndale University College & Seminary seeks to assist students to relate positively to their heritage and to work enthusiastically in the affiliations to which God calls them. Faculty members are also expected to affirm the convictions of their own tradition, while at the same time being respectful of other traditions.
- Tyndale University College & Seminary affirms that all members of its academic community have an obligation to give fair consideration to the various beliefs and to show due sensitivity to divergent understandings. Faculty and students are expected to deal with one another with respect. No one should pressure persons or impose tenets on others, but every encouragement is given to exercise responsible freedom to discuss such matters.

Introduction to Tyndale University College

A Christian University College

At Tyndale, you will have the opportunity to study a wide range of university disciplines, benefiting from the works of scholars who may reach you by their written words in books, articles and websites or by their academic modeling in lectures, presentations, seminars and simple conversation over a cup of coffee. Their work is to help the rest of us to see more clearly and more deeply into the nature of things. We do not study only the works of Christian scholars, for no truth exists that is not from the Author of all truth, and many insights into the nature of reality come to us from scholars of different faith traditions. But here at Tyndale, a community of Christian scholars, we seek to teach and to learn from within a rooted biblical worldview, finding in the truth of God's Word that foundation that gives definition and purpose to all other facets of truth and higher education.

General Description

Tyndale University College is a transdenominational, evangelical Christian community of scholars, teachers and mentors that offers a range of undergraduate programs. Located in a multicultural urban context, and heir to more than a century's commitment to education, we seek to educate men and women to think Christianly and to love God and their neighbours wholeheartedly.

Developing from early Canadian roots in 1894, we are an innovative Christian university; a Tyndale degree is foundational and a firm preparation, both for graduate studies and impactful employment. The curriculum features a strong core of biblical studies, humanities, social and natural sciences and the fine arts. The University College is authorized to grant degrees in accordance with legislation passed by the province of Ontario, and our graduates have gone on to further studies in other universities, law schools and graduate studies throughout Canada and in many other parts of the world.

University College Mission Statement

Tyndale's university education rooted in the humanities, arts and sciences seeks to deepen knowledge, cultivate wisdom and develop character for service to Christ and the world.

Academic Goals

- To provide university-level instruction in various academic disciplines in the humanities, religious studies, the social sciences, the natural sciences and the fine arts, as well as in certain professional studies.
- To produce graduates who are well-equipped to compete for admission to graduate and professional schools or to enter the workforce successfully.
- To produce graduates who will seek to serve God and their fellow human beings through their own vocations and in their lives generally.
- To provide an academic environment in which vigorous academic research and debate lead to the advancement of human knowledge and the development of greater insight by both students and faculty.
- To promote the integration of faith and learning so that the wide range of human knowledge and experience can be understood from within a Christian worldview.

Philosophy of Education

Tyndale University College is committed to providing an education that promotes the growth of the whole person, including the intellectual, spiritual, social, emotional and physical dimensions of life. In providing a broad exposure to studies in biblical, theological, professional and general education, we seek not only an academic pursuit of truth, but also the cultivation of Christian character, personal discipleship and skills for service.

We affirm that the foundation for a true understanding of God, humanity and all of creation is to be found in Holy Scripture. We are committed to promoting integrative thinking in which biblical and other academic disciplines are in dialogue. Believing that all truth is God's truth, we hold that honest inquiry and Christian faith commitment are fully compatible and therefore support the development and exercise of critical thinking.

Our University College community supports the education process by providing a context that encourages independent thinking, respect for divergent viewpoints, social responsibility, the development of leadership skills, growth through social and recreational activities, and the cultivation of spiritual life.

Tyndale University College

Undergraduate Degree Level Expectations

Introduction

Tyndale University College is a community of learning in the Christian tradition. We strive to equip our students with an understanding of the two grand narratives that shape our lives and learning: the cultural story of the modern western world, including the advancements in knowledge that have come through academic inquiry, and the biblical story of God's creation of, and continuing involvement in, our world. As Christian scholars, professors and students alike, we stand at the intersection of these traditions, seeking to understand the claims that each tradition exerts on our thinking, and to live faithfully in both. We seek further to give our students opportunity to develop their own gifts of mind, heart and character, to grow in knowledge, understanding and virtue, and to articulate what they have discovered with clarity, precision and grace.

Our study of current culture in the traditional liberal arts and sciences curricula (including language and literature, history, philosophy, the sciences and social sciences, and also such pre-professional disciplines as business administration and education), takes shape within the context of our knowledge of God's plan for His world, as that has been expressed in His written Word, and in the person of Christ, the Word made flesh. Our understanding of the biblical narrative is similarly informed and clarified by our continuing search for truth in the academic disciplines. Our pursuit of knowledge is grounded in the conviction that God created both us and our world, and that we are called to understand it and to develop its potentials in obedience to Him.

We acknowledge with gratitude the many valid insights into the nature of reality that have come to us from scholars of faith traditions different from our own, and seek to incorporate such insights into our own understanding. We seek to be active and contributing members of the modern academy, but to pursue our own teaching, learning and research from within the Christian worldview that has given distinctive shape and identity to this community of higher learning. We hold in tension the observation that scholarly work itself, and the intelligence, imagination, insight and discipline that it requires, are the good gifts of God; yet these (like all such gifts) are vulnerable always to the twisting effects of sin.

The degree level expectations articulated here are meant to serve the mission of Tyndale University College, "education rooted in the humanities, arts and sciences that seeks to deepen knowledge, cultivate wisdom and develop character for service to Christ and the world", and thus to reflect the evangelical Christian ethos, values and culture of our institution. They have been adapted to this purpose from the "Guidelines for University Undergraduate Degree Level Expectations" proposed by the Ontario Council of Academic Vice-Presidents, endorsed by the Council of Ontario Universities on December 16, 2005, and revised in September 2007.

Diversity of Students

We celebrate our rich diversity. Our faculty and student body represent many different churches and ethnic groups. Some of our students have grown up in the faith, while others have come to faith more recently. Some have come directly from high school, while others are returning to formal education after an absence of some years. Some are seeking direction for their lives, while others clearly see where they are heading and know what educational experience will best prepare them to fulfill their goals. Some live on residence, while the majority live off-campus.

Tyndale seeks to be sensitive to the needs of those who remain fully employed while studying part-time in the evenings, on weekends or during holidays. Tyndale is also aware of the needs of those who are in full-time ministry and are seeking to upgrade their academic understanding and personal skills.

Study Environment

Tyndale's cultural diversity shapes a remarkable environment in which students may learn and grow in their understanding of themselves and one another. Since our goal is to educate and equip a new generation of Christian leaders, it is vitally important that students learn in a setting infused with a biblical vision of ethics and spirituality. Whether students anticipate further education in graduate school or seminary, or anticipate specialized professional training after university, all are challenged to think critically and to cultivate the inner life – to understand what it means to love God with heart, soul, mind and strength and to love one's neighbour. Study is a foundation for life, for vocation and for further education and lifelong learning.

The University College experience helps students clarify their own beliefs and values, and prepares them for vocational options. It is a place to deepen one's understanding of Scripture and Christian doctrine essential for thoughtful Christian responses to contemporary

intellectual and social issues. In short, students gain the intellectual and spiritual tools they need to make appropriate decisions as they seek to live out their discipleship in the world.

Education Outside the Classroom

Beyond the classroom, a wide range of activities enhance the Tyndale educational experience. Through a variety of partnerships with churches, Christian agencies and other organizations, we seek to build bridges between education and the rest of life. Intentional on-campus and off-campus learning experiences help to create a unified educational experience, so that learning becomes life-changing and not a mere academic exercise. With this in mind, the University College gives opportunities for students to participate in field education and community service as they proceed through their academic studies.

General Information

Anyone interested in becoming a student at Tyndale University College must submit a complete application to the Admissions Office or apply online. The Admissions Committee will consider applications upon receipt of the complete application, which includes:

1. An application form
2. A complete collection of official transcripts from all previously attended educational institutions. An official transcript is one that bears the seal of the institution and/or the signature of the issuing institution, or has been produced on the institution's secured paper. Official transcript(s) must be received from all institutions at which the applicant previously attended or is currently attending. The applicant is responsible for making arrangements whereby each institution mails the official transcript directly to the Tyndale Admissions Office. Tyndale may require a graduation certificate from the institution if the transcript itself does not confirm graduation. All applicants must submit all transcripts (academic records) in English, or the transcript should be accompanied by a notarized English translation. All submitted transcripts become the property of Tyndale University College and cannot be returned to the applicant. Copies also cannot be provided.
3. Program-specific supplements

Visit toefl.org or ielts.org for further information about these tests. Applicants who are not residents of Canada at the time of application must arrange to take the TOEFL/Test of Written English (TWE) or IELTS in the country from which they are applying. Additional testing may be required before admittance is granted.

For Admitted Students

Students are expected to be able to write coherent essays, using correct grammar and spelling. Students who experience minor difficulties with writing should make occasional use of the Writing Centre. However, the writing proficiency of some students may not meet Tyndale's minimum standards. These students may be identified in two ways:

1. Admissions staff may observe their writing difficulties.
2. Professors in any class may identify students having difficulty with any assignment. Once identified and notified, students will be expected to immediately complete the Reading and Writing Assessment (RWA), which is Tyndale's writing proficiency test.

Entering students may be required to complete an RWA that will be used to assist in course selection.

Admission Types

All acceptances are valid for two years. Applicants may defer their initial enrolment at Tyndale University College without reapplying; however, the offer does not guarantee entrance into the program for which the applicant originally applied. After two years, the acceptance is invalid and a new application is required.

Official Admission

Official admission applies to applicants who have met all admission requirements set forth by Tyndale University College and are approved by the Admissions Committee.

Conditional Admission

Applicants who have met most of the admission requirements set forth by Tyndale University College and demonstrate potential to succeed in undergraduate studies, but have not fully submitted all application requirements, may be conditionally admitted. In order to continue enrolment, students must satisfy the conditions of admission by the end of the first semester of enrolment.

Admission on Probation

Probationary status may be assigned on admission to students whom the Admissions Committee deems in need of academic support and monitoring. Further information is located in the Information and Procedures section.

Please note that meeting or exceeding minimum requirements does not guarantee admission. Admission is preferentially based on the qualification of the student. The most qualified applicants will be accepted. Each applicant is evaluated individually and the Admissions Committee must be satisfied that the student is ready for undergraduate-level studies.

Admission Appeals

An applicant who has been denied admission to Tyndale University College may appeal to the Academic Standards Committee in writing. The Academic Standards Committee's decision is final. Upon receiving an unfavourable decision from the Academic Standards Committee, the applicant may appeal to the Academic Dean on matters of process only.

Admission Information and Procedures

General Admission Requirements

Applicants from Ontario

The basic requirement for admission is the completion of an Ontario Secondary School Diploma with an overall average of at least 65% in ENG4U “English,” plus five other Grade 12U or M courses. If a student has more than five Grade 12U or M courses other than ENG4U, the top five marks are combined with ENG4U to calculate the admission average. For students who have achieved the OSSD under the old curriculum, the minimum requirement for admission is OAC (Ontario Academic Credit or Grade 13) English, plus five other OACs (or Grade 13 courses) with an average of 65% or better in those six courses.

This must include English 12 plus three additional Grade 12 academic subjects at a minimum overall average of 65%. Tyndale no longer requires optional provincial exams as an admission requirement. Students must write provincial exams in any subject where it is mandatory in order to meet B.C. graduation program requirements.

Applicants from outside Canada must meet the admission requirements listed above in addition to the following:

- **Tuition and Fees:** International students must be enrolled as full-time students throughout the entire program (9 to 15 credit hours or 3 to 5 courses in fall and winter semesters). As required by Citizenship and Immigration Canada (CIC), the applicant must give satisfactory evidence of sufficient financial resources to meet the current standards of Citizenship and Immigration Canada when applying for the study permit.
- **Medical Insurance:** The Ontario government does not provide medical coverage for international students or their families. All students will automatically be enrolled in Tyndale's health insurance plan provided by Guard Me International. Insurance is mandatory for all international students and their families. Current pricing may be obtained from the Admissions Office. Please remember these costs when you are calculating your living expenses for your studies in Canada, as these are not optional. In order to have insurance coverage for your flight and once you arrive in Canada, you must email registration@tyndale.ca at least one week prior to departure.
- **Study Permit:** All international applicants are required to provide proof to the Admissions Office that they have received a Study Permit from Citizenship and Immigration Canada (CIC) prior to registration. Please refer to the CIC website for detailed information: cic.gc.ca. Students are responsible to fulfil all CIC requirements.

- **Application Fee:** International applicants are required to submit a non-refundable application fee of \$150.
- Documents in a language other than English must be accompanied by a notarized English translation. All transcripts and notarized translations are to be sent to the Admissions Office by the institutions. It is the applicant's responsibility to provide official copies of all supporting documentation.
- Students should apply for admission to the University College before April 1 for the fall semester and before August 1 for the winter semester, to ensure timely consideration. The application fee for a non-North American applicant is \$150.

Transfer Applicants

Applicants who have attempted courses at any post-secondary institution will be classified as a transfer student. In order to base an admission decision on studies undertaken at the post-secondary level, an applicant must have attempted at least 12 credit hours (equivalent to one full semester) at an accredited school. If the applicant has not attempted at least 12 credit hours, the Admissions Committee will base the decision on the applicant's high school record. In all cases, all transcripts must be provided to the Admissions Committee, including the high school transcript, regardless of the basis of admission. The basic admission requirement for a transfer student is a minimum Grade Point Average (GPA) of 2.0 on a 4.0 scale.

Transfer students who have a cumulative GPA of less than 2.0 may be admitted on probation if they meet the basic admission requirements in their high school record.

Transfer Credit Policy

Tyndale University College endorses the Council of Ontario Universities' support for the Pan-Canadian Protocol on the Transferability of University Credits. In doing so, Tyndale undertakes to support the necessary measures to ensure that all course work completed by transfer students will be recognized and, subject to degree, grade and program requirements, fully credited for the purposes of granting a degree, with the following conditions:

1. Students must meet the University College's basic admission requirements in order to be eligible for transfer credits.
2. Official transcripts are to be sent from each institution attended after high school, even those where no credits were earned.
3. Applicants from Quebec who have successfully completed more than 12 academic semester courses (one year) at a CEGEP may be eligible for up to 30 transfer credits.
4. Courses from unaccredited institutions will not normally receive transfer credits.
5. Courses must be assessed to ensure they fulfil the requirements in the student's chosen Tyndale program, either as required courses or electives.
6. The grade for each course under consideration must be "C" or better.
7. Submission of syllabi or course descriptions for courses under consideration may be required.
8. Up to half of the credits required for a Tyndale University College program (degree or certificate) may be transferred from another institution.
9. Up to half of the credits required for a Tyndale University College major may be transferred from another institution.

Occasional Student Applicants

Individuals who wish to take courses at Tyndale University College for credit without admission to a degree or certificate program may do so through occasional student status. There are a number of reasons why a person might want to be an occasional student. For example, a student might already have a degree and wish to take courses for enrichment, or a student might want to take a few courses and later decide whether to enrol into a program of study. Apply online at tyndaleu.ca/visiting-students.

Acceptance as an occasional student does not guarantee acceptance to a degree or certificate program at Tyndale University College. If at a later date an occasional student wishes to enrol into a degree or certificate program, the student must be accepted under the regular Tyndale admissions procedures. If admitted into a program, the courses the student has completed may be used to fulfil the requirements of that program, provided they fit into the program outline. Normally, an occasional student may complete up to three courses (9 credit hours). A student must complete the regular application process and be formally admitted into a program prior to beginning the fourth course.

Occasional student status is not open to students in the following categories:

1. Applicants who do not meet Tyndale's English Language requirements
2. International applicants (with the exception of those taking online courses in their home country)

Letter of Permission Applicants (LOP)/Visiting Student Application

Applicants wishing to take courses at Tyndale University College for credit at other institutions are classified as visiting students enrolling under a Letter of Permission. These students are transferring credits to other institutions and are not working towards a degree or certificate at Tyndale University College.

Students seeking to study on a Letter of Permission should submit the following:

1. A completed Tyndale University College Visiting Student (tyndaleu.ca/visiting-students) application form.
2. A \$25 non-refundable application fee (\$75 for international applicants).
3. A Letter of Permission from the school to which the credits are being transferred. This letter should indicate which courses the student can take and the student's academic standing (Grade Point Average).

Students should be aware that they are not eligible to receive a degree or certificate from Tyndale University College. Students studying on a Letter of Permission are restricted to taking only the courses listed on their Letter of Permission. Students are required to complete a Transcript Request form (available from the Office of the Registrar) upon completion of the course(s) they took on Letter of Permission.

Audit Students

An audit student is one who may audit a course for non-credit purposes. Audit students are not required to fulfil the course work requirements, but must adhere to normal attendance requirements. The instructor is under no obligation to grade any materials submitted by the audit student. Audit students may be restricted from certain classes, and the number of audit students per class may be limited.

To audit a course at Tyndale, submit a non-refundable application fee of \$25 and complete the Visiting Student Application form available from the Admissions Office. To register for courses, the audit student must submit a completed registration form to the Office of the Registrar. Permission from the Registrar and the course professor may be required to register. Any student desiring to change a subject from audit to credit or from credit to audit must do so within the first two weeks of the semester.

Note: Tyndale students may audit one course free of charge after graduation in a degree program.

Admission on Probation

Students Possessing an Ontario Secondary School Diploma (OSSD)

Applicants who do not meet the basic admission requirements but who possess the OSSD, with at least ten Grade 11 and/or 12U, M, C or O courses, at least five of which are Grade 12, with a minimum average of 75%, may be considered for admission on probation to the degree program of their selection. Applicants who do not meet the basic admissions requirements but who possess the OSSD with at least ten Grade 11 and/or 12U, M, C or O courses with a minimum of 65% may be admitted into the Transitions Certificate program. At least five of these courses must be at the Grade 12 level.

Mature Students

An applicant who does not meet the regular academic admission requirements may be eligible for consideration as a mature student. To qualify as a mature student, the applicants must:

1. Be at least 21 years of age by the beginning of the semester for which admission is sought.
2. Have been away from full-time attendance at an educational institution for a minimum of two years.
3. Be a citizen, permanent resident or landed immigrant of Canada.
4. Demonstrate the likelihood of success in university-level studies.
5. Submit a copy of his/her birth certificate.
6. Ensure that the application essay addresses plans for success in university-level studies and what is to be gained from this academic experience, as well as make reference to academic and career goals.
7. Write an entrance exam.
8. Have completed less than 12 credit hours at any post-secondary institution.

Admissions Probation Restrictions

Applicants accepted on probation may be subject to course load restrictions. All applicants accepted on probation must achieve a GPA of 2.0 to continue their study at Tyndale University College.

Readmission for Previously Admitted Students

If the last semester of enrolment occurred less than three (3) years ago, the student may register online at mytyndale.ca.

Students who have been absent from the University College for three (3) years or more must submit a new application packet to the Admissions Office. Student Development

Community Life and Standards

Tyndale's student body embraces an appreciation of individual diversity and a commitment to fostering a rich community life. Students range in age from recent high school graduates to mature students who continue their education for a number of reasons.

Over 600 students from across Canada and around the world come to study at Tyndale University College each year. These students represent a wide variety of demographic, ethnic and denominational backgrounds. While many students are from the Greater Toronto Area, several come to Tyndale from across the province too.

Approximately one-third of Tyndale's undergraduates live in campus residence halls. These opportunities foster an understanding of our rich diversity and deepen relationships, many of which become life-long friendships. Both commuters and residents alike find that interaction within such a varied community enlarges their perspective and cultivates transformation that transcends their student life.

Community Standards Statement

Tyndale University College & Seminary is an institution of higher education, distinctly Christian and standing in the Protestant Evangelical tradition. With Christians East and West, North and South, we affirm the historic Apostles' and Nicene creeds, and we affirm our spiritual kinship with all who seek to exalt and serve the Lord Jesus Christ.

Tyndale is also rooted in the Protestant Reformation with its conviction concerning the Lordship of Jesus Christ and the normative authority of Scripture. In the tradition of the Evangelical awakenings, we proclaim the message of a personal faith in the crucified Christ and a transformed life through the Spirit. We are also dedicated to serving the global Church in all its cultural diversity. We embrace the biblical call to seek justice and peace and to serve the poor, the vulnerable, and the oppressed. As a Christian institution of higher education marked by its transdenominational character and a diverse constituency, Tyndale understands, as described in our Statement of Faith, that the Bible, inspired by

the Holy Spirit, is the authoritative written Word of God and useful for personal and community life. It is in this that we believe that people best flourish by affirming its teaching and striving to live by its precepts. As members of Tyndale, we strive to live lives that nurture a grace-filled community that honours God in its actions, attitudes and beliefs. We long that all in our community daily edge toward personal transformation of character that is marked by the fruit of the Spirit: love, joy, peace, kindness, generosity, faithfulness, gentleness and self-control (Galatians 5:22).

As an academic community, Tyndale University College & Seminary's main purpose is articulated in our mission statement:

Tyndale is dedicated to the pursuit of truth, to excellence in teaching, learning and research, for the enriching of mind, heart and character, to serve the church and the world for the glory of God.

With our mission statement guiding us, Tyndale is committed to being a community focused on academic endeavours, community life, and Christian formation. To this end, Tyndale strives to be a place where all of its members – Christian administrators, staff, and faculty, along with students who have chosen to study at Tyndale – exhibit concern for the well-being of others and engage in open, rigorous, and respectful intellectual inquiry. These commitments are supported by patterns of biblical belief and behaviour that foster a distinctively Christian learning and working environment.

As it is with all institutions, membership has responsibilities. Therefore as responsible members of the Tyndale community each ought to contribute in meaningful ways to our common good. We know that individualism is a strongly held value in our culture. We believe, in congruence with the Christian Scriptures and a Christian worldview, where self-sacrifice and service for the greater good and the benefit of the community are highly valued. So it is with this in mind that we believe all members of the Tyndale University College & Seminary community will aspire to exemplify attitudes and to exercise biblical virtues.

Therefore we commit to:

- live commendable lives characterized by honesty, civility, truthfulness, generosity and integrity
- communicate, by various means, in ways that encourage others while respecting the need to correct as required
- honour all persons and their ideas with respect and dignity
- be responsible citizens both locally and globally, submitting to the laws of this country, and contributing to the welfare of creation and society
- practise sexual fidelity and appropriate intimacy in all relationships and reserve sexual expressions of intimacy for biblical marriage between a woman and a man, and within marriage taking every reasonable step to resolve conflict and avoid divorce
- encourage and support other members of the community in their pursuit of these values and ideals, while extending forgiveness, accountability, restoration, and healing to one another.

In addition, for the sake of our community and in keeping with the Christian Scriptures that draw us into the way of a virtuous and ordered life, members of the Tyndale community will refrain from the following:

- using illegal drugs or abusing prescription drugs
- using alcohol or marijuana on campus or at campus-related activities and irresponsibly using alcohol by drinking to excess and or participating in high-risk drinking at any time
- engaging in dishonest practices including plagiarism, theft, fraud, breach of trust or confidence
- promoting religious beliefs incompatible with Christian faith
- engaging in degrading, dehumanizing, exploitive, hateful, or gratuitously violent activities including the use of pornography in any form
- using profanity and obscene speech
- participating in violent or abusive behaviour and harassment of any kind.

These community standards and expectations, considered central to preserving and promoting the distinctly evangelical Christian character of Tyndale University College & Seminary and the health of our Christian community, are applicable to all members of the Tyndale community – administrators, faculty, staff, and all students. Admission and matriculation to Tyndale University College is open to all academically eligible students regardless of their personal beliefs, faith journeys, or affirmation of Tyndale’s Christian character. However, all members of the Tyndale community voluntarily choose to work or study at Tyndale. Therefore, by virtue of membership in this community, all are expected to honour these standards and refrain from conduct that would be inconsistent with them.

Spiritual Disciplines and Worship

Tyndale is committed to fostering spiritual growth among its community and guarding our unity as members of the body of Christ. One of the ways we seek to facilitate this goal is through our chapel program, which is designed to promote the holistic development of all community members through corporate worship, to build community and to raise awareness of the issues of living as a Christian in our world. A pre-determined chapel attendance is required for all first and second year university college students. (Please refer to the Student Handbook for specifics.) Chapels are offered at 11:15 am on both Tuesdays and Thursdays and we hope that everyone on campus will attend. Many offices and student services are closed for Tuesday chapels to allow staff, faculty, and students alike the opportunity to attend.

Along with the Tuesday and Thursday gatherings, regular student-led chapels are held on Sundays through the academic year. Check the Student Handbook for more information.

Anti-Discrimination and Harassment Policy

It is official policy that members of the Tyndale community be able to enjoy an environment free from all forms of discrimination and harassment. No employee or student may be discriminated against because of race, ancestry, colour, ethnic origin, gender, citizenship, denomination, creed, age, marital status, family status, disability or pregnancy. The full policies and procedures to register a complaint are outlined in the Student Handbook. The Student Handbook is available online.

Student Services

New Student Orientation — “Cultivate”

Each academic semester begins with a time of orientation for new students organized by the Department of Student Development and student leaders. Orientation activities are provided for new students to acquaint them with the people, policies and procedures of the University College. The organized activities include opportunities to meet Tyndale personnel and faculty, to interact with student leaders, to gather key information concerning the upcoming year, to experience life in Toronto, and to worship and play together. Orientation for all students continues in various ways at the start of the fall and winter semesters with a desire to see each student become an integral part of the Tyndale community and to experience a memorable year.

“Cultivate — Welcome Days at Tyndale” in September

Welcome Days is for all new incoming students. During the week, there will be plenty of opportunities to participate in a range of activities. Here’s just a sample:

- Learn more about Tyndale University College and your academic program
- Meet new friends
- Participate in a wide variety of social activities on campus and in and around Toronto
- Worship together

Every new student taking four credit hours or more during the fall semester is expected to attend “Cultivate — Welcome Days” activities and events and will be charged a one-time fee.

Student Activities

Consistent with our emphasis on balance in the Christian life, Tyndale encourages students to participate in various areas of activity that help to provide social, spiritual, intellectual and physical growth. Campus recreation, residence activities and events sponsored by House Council and a number of clubs all contribute to building an active community. One of the ways in which we equip students is to provide leadership experiences and opportunities within the Tyndale community. Our Student Leadership Team presently consists of Residence Hall leadership, the University College House Council, and House Group Leaders.

Health Policies

Tyndale is dependent upon the integrity of individual students to verify at the time of admission to the community that they are physically and emotionally fit to fulfil their responsibilities. Tyndale recognizes that physical and emotional conditions may change and policies are in place to assist the equitable dealing with such changes. All international students must be covered through Tyndale’s health insurance plan provided by Guard Me International Insurance. Currently there is no additional health insurance available for Canadian students. Please refer to the Student Handbook for further policy information.

Visit the library's website at tyndale.ca/library for more information.

Residence

The Tyndale residence is a caring community that fosters growth, accountability, and establishes lifelong relationships.

Tyndale recognizes the experience of residence living as a valuable part of students' education. Living in residence provides opportunities to learn more about oneself, build relationships, foster leadership abilities and develop spiritually. For this reason, all single undergraduate students who are under 20, and not living with their parents, are highly encouraged to live on campus during their first year.

The Department of Student Development endeavours to foster a quality of student life that will stimulate residents to develop intellectually, physically, socially, emotionally and spiritually. This involves a commitment to maximizing opportunities for the individual to make responsible choices with the expectation that the individual also recognizes an obligation to contribute to the growth and welfare of others in the community.

Commuter/Guest Rooms

To accommodate the needs of our commuter students, guest rooms have been set aside in the Boehmer Centre wing in our facility. Rooms are available for use by commuters or non-Tyndale student guests. Students can also speak to Advising Services to understand their learning style and how it can best serve their academic experience. Any students who require extensions on coursework beyond the last day of the semester must speak to Advising Services on or before the last day of final exams as these extensions are facilitated by Advising Services.

At any point in the semester, Advising Services may contact students for progress meetings. The purpose of these meetings is to understand how a student is progressing during the semester, identify any challenges that might be affecting their performance, and refer students to support services at Tyndale. Advising Services has a close relationship with faculty and may intervene and provide assistance to students on a faculty member's recommendation.

Mid-term progress reports are administered at the halfway point in the fall and winter semesters. Faculty will release midterm grades to Advising Services and in conjunction with the Office of the Registrar, students will be informed of their progress, if appropriate. It is understood that midterm progress meetings are mandatory for any students who are contacted.

Fees and Expenses

Tyndale University College & Seminary is an independent, not-for-profit, transdenominational institution that reviews its fee structure each year. Its independent status means that it does not receive denominational support and government funding. The cost of education is therefore subsidized by other income, including substantial donations from the Christian community. The following tuition fees and expenses are effective May 1, 2017 through April 30, 2018:

Tuition Deposit

All new students (except those in the Bachelor of Education [BEd] program) must submit a one-time \$300 deposit by August 1 if they start in the fall semester, and by December 1 if they start in the winter semester. The deposit is non-refundable and will be credited toward tuition fees in the following semester.

Residence Deposit

A Residence Deposit of \$200 is held on file until the student leaves residence. It is non-refundable and non-transferable after August 1 for the fall semester and after December 1 for the winter semester, whether or not the applicant enrolls. When a student moves out, his or her deposit can be returned to the student provided that the student's account is in good standing. Furthermore, there must be no damages in the student's room and no other infractions must have occurred. If a student is returning to residence the next academic year, the deposit may be kept on file and carried forward to the next academic year.

Financial Aid

Tyndale University College understands that financing university education is a major concern of students. Therefore, Tyndale has a number of funds to assist students in meeting their educational costs. For example, there are a variety of scholarships, bursaries, sponsorship programs, and loans available to Tyndale students. Students are encouraged to apply for financial aid early.

In addition, the Financial Aid Office regularly receives numerous award notices from external organizations that are distributed to students throughout the academic year. Information on these awards is made available to students. In most cases, all necessary information is available online. Students are welcome to come for a one-on-one meeting with the Coordinator of Student Financial Resources before the next year of attendance to discuss their personal financial situation in more detail. The coordinator can be contacted at 416.226.6620 ext. 2177 or at financialaid@tyndale.ca.

Many of the financial aid programs have requirements that students study full-time (12 credit hours per semester). Eligible students can apply for scholarships, bursaries and other awards online at tyndale.ca/financialaid.

Bachelor of Arts Degree

The Bachelor of Arts (BA) degree at Tyndale University College prepares students for further studies in graduate or professional programs and, more broadly, for a life of service in the world. The BA and BA Honours degrees allow a student to gain a broadly-based liberal arts education. The main goal of this degree is to help the student integrate Christian faith and a broad understanding of culture in a comprehensive Christian worldview. In the Bachelor of Arts degree, an emphasis is placed on the development of critical thinking skills, oral and written communication skills and the ability to read texts critically.

Students planning to proceed to a professional program, graduate school or seminary are encouraged to acquire the BA degree with a major in Biblical Studies and Theology, English, History and Global Studies, Philosophy or Psychology. Those planning on acquiring a Bachelor of Education degree should major in a teachable subject (e.g., English or History). Those planning to specialize in counselling should consider majoring in Psychology. Students may also major in Human Services; this is a four-year conjoint program which enables a student to earn a BA degree from Tyndale, plus a Diploma in either Early Childhood Education or Social Service Work from Seneca College, all in four years of full-time study. Those students planning to pursue a pastoral/preaching ministry might well decide to do an honours degree in Biblical Studies and Theology with concentrated studies in the biblical languages.

Students may complete an honours degree in the following majors:

- Biblical Studies and Theology
- Business Administration
- Business Administration – Co-op
- Business Administration – International Development
- English
- History and Global Studies
- Philosophy
- Psychology

Admission to Honours Degrees

Students interested in pursuing an honours degree should speak to their faculty advisor in their second or third year. If the honours program requires a thesis, students should meet with a full-time faculty member in the discipline about possible thesis topics during the fall of their third year.

Students may apply to an honours program as early as the winter semester of their second year and no later than January 31 of their third year. Application forms are available at the Office of the Academic Dean.

The following conditions must be met in order for students to be considered for admission to honours programs:

1. An application to do an honours thesis must be submitted to the Office of the Academic Dean by January 31.
2. This application must be signed by a full-time faculty member, indicating that the student has met with the intended thesis supervisor and that the faculty member is willing to supervise the proposed thesis.
3. The student must have completed a minimum of 30 credit hours toward the degree with a cumulative Grade Point Average (GPA) of at least 3.0.
4. The student must have completed a minimum of 18 credit hours within the major with a GPA of at least 3.0.
5. The student must have completed any languages or methodology courses required to do the thesis by the summer prior to the fourth year of the honours degree.
6. The Academic Standards Committee must approve the thesis proposal.

Bachelor of Arts Honours (U.S. Student Stream)

United States Department of Education excludes distance education, including practicums/ internships, directed study (DS) courses, and online courses, from the Direct Loan Program. American students who are receiving the Direct Loan are prohibited from taking practicums/ internships, directed study (DS) courses, and online courses as either core or elective options. Please note that there are no required online courses for university college programs. Please check with Student Financial Resources for eligible programs.

Please refer to the BA Hons (U.S. Student Stream) major sheets available from the Office of the Registrar.

Honours Thesis Program – Courses and Grading

Each honours thesis program consists of two parts, in two semesters of study:

- () 497(3): Honours Thesis in _____ I / Research Methods for Business
- () 499(3): Honours Thesis in _____ II / Honours Thesis in Business

Each part (semester) of the honours thesis will be assigned a grade.

Criteria for evaluation of each part will be outlined in the course syllabus.

Examination of the Honours Thesis

The following procedure will apply to students whose work on their honours thesis is carried out within the two terms of one academic year (fall and winter). An appropriate timeline for thesis work done at other times of the year must be negotiated among the student, the supervisor, registration, and the Office of the Academic Dean at the time such a project is approved.

1. The honours thesis will be examined by a committee of three: the thesis supervisor and two others. (The second and third readers are appointed by the Academic Dean on the recommendation of the supervisor or academic department Chair or both: recommendations are due at the Office of the Academic Dean by January 31; readers will be notified by February 15.)
2. Three copies of the final draft of the written thesis (normally 60-80 pages, or 15,000-20,000 words) must be submitted to the Office of the Academic Dean on or before March 15.
3. The defense will be scheduled by the Office of the Academic Dean (on the advice of the thesis supervisor) to take place in the month of March.
4. The student will be examined by the committee for 45-60 minutes and then the student will leave the room while the committee agrees on a grade.
5. If the grade is “B-” or better, the student will be required to make whatever minor corrections the committee deems appropriate. These corrections must be approved by the supervisor before the last day of exams, in order for the student to be eligible for graduation in May.

6. If the grade is below “B-,” the student will be required to make major revisions by the last day of exams. The first and second readers must both approve these revisions and a new grade will be determined. If the new grade is not “B-” or better, the student will not graduate with honours.
7. The thesis must be bound and one copy placed in the Office of the Academic Dean and one in the library. The library facilitates the binding; the \$60 cost is covered by the student.

Honours Degree Graduation Requirements

1. A minimum of 48 credit hours must be completed in the major (students anticipating graduate school are encouraged to take between 54 and 60 credit hours in the major).
2. A cumulative Grade Point Average (GPA) of 3.0 or higher in the 120 credit hours presented for the degree is required.
3. A cumulative GPA of 3.0 is required in all courses taken in the major.
4. The honours thesis or major project must be completed with a grade of “B-” or better.
5. Students who are admitted to honours and who fail to meet all of these requirements, but do meet all graduation requirements for the regular Bachelor of Arts degree, will be awarded the BA degree.

Certificate in Christian Studies – Transitions

Transitions is a one-year certificate program that may be taken full-time or part-time. It is a good option for those who are not sure if they wish to commit to completing a whole degree program. It is also a good program for those who are returning to university college studies after a time away.

Program Objectives

Graduates of the Certificate in Christian Studies: Transitions program will:

1. Have a basic biblical foundation and an introduction to the history of Christianity.
2. Have an introduction to principles of Christian discipleship and spiritual formation.
3. Be able to express themselves well in writing and be familiar with some important works of English literature.
4. Have a sense of personal vocation and direction for further studies.
5. Be able to apply for a degree program at Tyndale University College.
6. Gain practical ministry experience.
7. Have an exposure to a variety of Tyndale courses and disciplines.

Transitions is a one-year introductory program in Christian Studies that requires 30 credit hours of study (10 courses) and one field education unit. The program is designed to allow students to make the transition from high school to university and from one life path to another. Transitions will guide students in spiritual formation, a Christian worldview, biblical studies, the mission of the church and personal gifting and vocation.

The program is self-contained. When students complete the requirements, they will have earned the Certificate in Christian Studies. In the semester in which the student expects to complete all requirements for the Certificate in Christian Studies: Transitions, the student may apply for graduation. A cumulative Grade Point Average (GPA) of at least 2.0 must be attained in order to qualify for graduation. Students who plan to continue their studies at Tyndale must apply for admission into a degree program by the time they have completed their 10th credit course. Tyndale will not normally award the Transitions certificate beyond the point at which the student has completed 15 courses. The program is well suited for students not able to attend classes on a full-time basis. Within the structure of the program, students have a great number of electives to allow them wide exposure to a variety of disciplines.

The Centre for Service Learning

The Centre for Service Learning facilitates partnerships between Tyndale University College students and not-for-profit agencies. Its mandate is to provide opportunities for students to serve their community, discover their gifts and participate as global citizens. Tyndale's educational philosophy includes an integration of faith, knowledge and practice. Service learning provides a context for this to take place by linking service activities with personal reflection, academic learning and vocational exploration. In this way, service-learning contributes to students' holistic education while addressing real community needs. The Centre's website is tyndale.ca/csl.

Community Service

The Centre for Service Learning posts service opportunities to encourage students to serve their community, discover their gifts and participate as global citizens. Students are encouraged to expand their breadth of personal experience by volunteering in diverse areas, including social justice, seniors care, literacy work, environmental stewardship and inner-city aid. Cross-cultural and international experiences are also recommended.

Field Education

Field Education is required of all students enrolled in a BRE or Transitions program. Each placement is meant to challenge students to reflect meaningfully on their own spirituality and giftedness and to give opportunity for the development of an effective ministry method.

Policies

1. Hours counted toward a unit of Field Education must be completed within the semester in which the student is enrolled in the unit (Fall: September to December; Winter: January to April; Spring/Summer: May to August).

2. Field Education units must be completed within a Christian ministry context.
3. Ministry work must be carried out during the course of studies at Tyndale. Credit is not normally given for previous ministry experience.

Off-Campus Programs

Students interested in off-campus programs may contact the Office of the Registrar for additional information.

Council for Christian Colleges and Universities International Studies Program

In association with the Council for Christian Colleges and Universities (CCCU), Tyndale University College students are able to study abroad for a semester. Participation in these programs requires approval of both CCCU and Tyndale. Interested students may visit the Best Semester website (bestsemester.com) for details regarding the various off-campus programs offered. Additional fees will apply.

Oxford Studies Program

Offered by arrangement with Crandall University, the Oxford Studies Program provides to a limited number of qualified Tyndale students the historical, cultural and educational riches of a semester's study in England with academic credit toward a Tyndale BA. Minimum requirements include a cumulative GPA of 3.0 and positive recommendations from two faculty members; the application deadline is April 1.

Liebenzell Exchange Program

An agreement between Tyndale University College and Internationale Hochschule Liebenzell in Germany allows students in BA programs, from both Tyndale and Liebenzell, to study for one semester at the partner institution abroad. Credits earned at the partner institution will be transferred to their current program. Minimum requirements include a cumulative GPA of 2.5 or the equivalent as defined by the sending institution and agreed to by the receiving institution; applicants must have successfully completed at least two full years of academic work by the beginning of the exchange period for which the student is applying. Applicants must also demonstrate adequate language preparation.

Online Learning

For students who are challenged by time conflicts or distance, online learning is a solution. Tyndale University College has a growing number of courses available through online delivery. Many courses are offered in fully online formats, and others use the system to support and augment traditional classes. For more information regarding online courses, students may contact the Office of the Registrar.

The online system is easy to use, and learning sequences and activities are simple to follow. The system includes online help files and technical support, and a link to the J. William Horsey Library. Registered students can access the system at classes.tyndale.ca using their MyTyndale username and password.

Students are advised that the time commitment for online learning is comparable to that for traditional courses. Students are required to participate in online activities, such as discussion forums, three or four times per week.

Note Regarding Course Numbering in the Programs Section and the Course Descriptions Section

- Each course number consists of a three-digit identifying number, followed by a number in parentheses that indicates the credit hours assigned to that course, e.g., HIST 234 (3). Most courses are three credit hours.
- When registering online, please note that the course code consists of the departmental prefix, the course number and the credit hours. For example, a course number showing as "HIST 156 (3)" will be entered into the computer as "HIST 1563."
- Course numbers beginning with "1" are intended for the first year of a four-year program; course numbers beginning with "2" for the second year, etc.
- Course requirements designated as "1__" may be satisfied by a course at any level.
- Course requirements designated as "2__" may be satisfied by a course at the 2000, 3000, or 4000 level.
- Course requirements designated as "3__" may be satisfied by a course at the 3000, or 4000 level.
- Course requirements designated as "4__" must be satisfied by a course at the 4000 level.

University College Departments and Degree Requirements

Department of Biblical Studies and Theology

Associate Professor Reynolds, Chair
Professor Carter

Associate Professor Noel
Assistant Professor Pierce

The Bachelor of Arts in Biblical Studies and Theology focuses on biblical and theological studies in the Christian tradition, with some attention given to other traditions. Tyndale offers excellent biblical and theological courses that cover the full range of the biblical canon and the historical and systematic theology of the church. Our understanding of the Bible and its importance for the history and present life of the church are highlighted in the opportunity for our students to study two years of Hebrew and Greek. The major in Biblical Studies and Theology is excellent preparation for a life of learning, for graduate school and seminary studies, as well as being an excellent major for any career in which a liberal arts background is desirable.

A Bachelor of Arts Honours degree in Biblical Studies and Theology is also offered. Students majoring in Biblical Studies and Theology may apply to this program in the winter semester of their second year. See below for specific degree requirements. Recent graduates have been accepted into Master of Arts programs at McGill University, McMaster University, University of Birmingham, University of Durham, University of Edinburgh, University of St. Andrews, University of Toronto and Wilfrid Laurier University.

Biblical Studies and Theology majors planning on pursuing a ministry career are recommended to consider a minor or a second major in another discipline, such as Christian Ministries, English, History and Global Studies, Philosophy, etc.

Students seeking ministry credentials within the Pentecostal Assemblies of Newfoundland and Labrador are required to complete the Bachelor of Arts in Biblical Studies and Theology, choose from one of the Christian Ministries minors and complete the fourth year requirements offered only in Newfoundland and Labrador.

Department of Christian Ministries

Associate Professor Wong, Chair

Associate Professor Noel

Associate Professor Scott

Christian Ministries seeks to prepare students for a wide variety of ministries from a Christian perspective. This includes those wishing to pursue ministry as their primary vocation, and those desiring additional ministry training to complement another chosen profession. Students may avail themselves of the Bachelor of Religious Education degree, or choose from one of four Christian Ministry minors.

CHRISTIAN MINISTRIES MINORS

Christian Ministries minors are intended to give excellent practical training in one of four specific ministry foci without sacrificing solid academic strength. Students desiring to enter into ministry as their vocation will wish to complete a Christian Ministries minor with a major in Biblical Studies and Theology. Students desiring practical ministry training as a complement to their chosen major, such as English, Business, or Psychology, may take the Christian Ministries minor to achieve this goal.

**Students in the PAONL program are not allowed to use their final year CHRI courses in Newfoundland to fulfill the Christian Ministries minor requirements.

BACHELOR OF RELIGIOUS EDUCATION

The Bachelor of Religious Education (BRE) is a three-year (90 credit hours) professional degree designed to prepare students for ministry. The BRE provides three foci:

- General Ministries
- Pastoral Ministry
- Youth Ministry

The BRE may also be completed in two formats:

- Modular
- Degree Completion

Notes:

- Not all required courses are offered every year.
- Students with a mark of 70% or above in OAC English or ENG4U may take a Humanities elective (i.e., a course in English, History or Philosophy) in place of ENGL 171.
- A minimum of 24 of the 90 credit hours must be taken at the 3000 or 4000 level.
- BRE requires 90 credit hours including core, focus and electives.
- BRE requires a cumulative Grade Point Average (GPA) of 2.0.

General Ministries Focus

The General Ministries focus allows a student to choose five CHRI courses (at least two at the 3000 level) beyond the Ministries Studies core, in consultation with his or her faculty advisor, according to the unique interests of the student.

Pastoral Ministry Focus

The Pastoral Ministry focus equips students with the basic tools and skills necessary for pastoral ministry. The focus also facilitates a deepening of Christian character that will result in ministry that equips others to serve in the church and beyond.

Youth Ministry Focus

The Youth Ministry focus offers students foundational courses in preparation for ministry in a variety of settings, including church- and para-church-based youth ministry. In addition to the required core subjects and in consultation with his or her faculty advisor, students may choose from a variety of youth-based electives.

BRE Modular

The Bachelor of Religious Education Modular Program is a non-traditional program specifically designed for adults who want to complete a Bachelor of Religious Education (BRE) degree but who are unable to attend traditional semester education programs and have little or no transfer credit from previous post-secondary education.

The program allows for the completion of all requirements for a BRE degree with a focus in General Ministries and is designed to serve adults interested in studying the Bible, doctrine and ministry with the intent of becoming more effective Christians in ministry and in the workplace.

Full-time undergraduate education is made possible for adults because of the BRE Modular program's unique design. Each course consists of one four-hour evening class per week for five weeks, supplemented by 14-18 hours of guided independent study per week. This format gives essentially the same time involvement as a traditional schedule.

The program's goal is to integrate Christian faith, learning and living in a meaningful and practical way.

An important component of the BRE Modular Program is the Directed Research Project comprised of academic instruction and individual advising by a qualified professional. Students will choose from one of the following areas of interest: Educational Ministries, Intercultural Studies, Pastoral Studies or Youth Ministry.

Specific Entrance Requirements

1. Applicants must be 25 years or older.
2. Applicants must have served two or more years in a local church or para-church ministry in some lay or professional ministry.

Field Education

Six units of Field Education are required for graduation. Credit is given for proven learning outcomes through previous ministry experience.

BRE Degree Completion Program

The Degree Completion Program (DCP) is a non-traditional program specifically designed for adults who want to complete a Bachelor of Religious Education (BRE) degree but who are unable to attend traditional semester education programs.

The DCP allows for the completion of a BRE degree with a focus in General Ministries. The DCP is designed to serve adults interested in studying the Bible, doctrine and ministry with the intent of becoming more effective Christians in ministry and in the workplace.

Full-time undergraduate education is made possible for adults because of the DCP's unique design. After the student transfers 30-42 credit hours into the program, there are 16 courses offered in a modular format over a 24-month period. Each course consists of one four-hour evening class per week for 5 weeks, supplemented by 14-18 hours of guided independent study per week. This format gives essentially the same time involvement as a traditional schedule.

The program's goal is to integrate Christian faith, learning and living in a meaningful and practical way.

An important component of the DCP is the Directed Research Project comprised of academic instruction and individual advising by a qualified professional. Conceptual Framework

The conceptual framework of Tyndale’s teacher preparation program leading to a Bachelor of Education degree emerges from two central Biblical commands. The first is to “love God with our whole selves.” This implies, among other responsibilities, that we maintain a high degree of professionalism and excellence in everything we do, including the application of current educational theory, critical thinking and inquiry, and reflective practice. The second is to “love our neighbour as ourselves.” This implies that our teacher preparation includes a strong focus on collegiality and community, equity and social justice, and service and stewardship.

We therefore intend that our graduates will understand the need to cultivate a nurturing learning community that values and respects the whole person, that enables children to mature intellectually, emotionally, socially and spiritually, and that promotes responsibility for the natural and social world in which we live. As educators fully prepared to teach in all schools, our graduates will embrace their roles in the formation of children who will become both informed citizens and responsible participants in a civil society.

Mission Statement

To educate and equip graduates to teach with the utmost commitment to professionalism, collegiality, equity, service and excellence.

Program Description

The Tyndale Bachelor of Education (BEd) is a 16-month, four-semester, full-time program, beginning in August of each year. Teacher Candidates will participate in a wide variety of educational activities three to five days per week.

Teacher Candidates will have approximately 111 days of classroom observation, participation and practice teaching, divided into three distinct placements in three different educational settings. Each of the placements will be with OCT-certified teachers in schools which teach the Ontario curriculum, one in each of the divisions of the Teacher Candidate’s approved track.

Placements are typically arranged in eight publicly-funded School Boards in the Toronto, Peel, York and Durham regions.

Tyndale's BEd program recognizes that the teaching profession cannot be completely compartmentalized into stand-alone courses. It has therefore adopted a model of Differentiated Instruction as a framework to understand the complexity and inter-relatedness of the many elements necessary for effective teaching. It also emphasizes cross-discipline integration. One example of this is the development of a Professional e-Portfolio for the purpose of application to teaching positions.

All successful applicants to the BEd program are required to obtain and submit a vulnerable sector screening (VSS) police report that is satisfactory to the Department prior to beginning the practicum components of the program.

Bachelor of Education Degree

The Department of Education offers a Bachelor of Education degree (BEd), which leads to registration and certification with the Ontario College of Teachers (OCT). The OCT certification requirements state that teachers must be qualified to teach in at least two consecutive divisions: Primary/Junior (Kindergarten to Grade 6), Junior/Intermediate (Grades 4 to 10 with a specialty in one subject area), and Intermediate/Senior (Grades 7 to 12 with two subject specialties). At this time, Teacher Candidates in Tyndale's BEd program have the opportunity to focus on either the Primary/Junior track or the Junior/Intermediate track. The degree consists of 60 credit hours of course work including practica experience.

Admission to the Bachelor of Education

Offers of Admission to suitable applicants to the Bachelor of Education program will be determined by the BEd Admissions Committee following an admission interview.

Eligibility for an admission interview will be based on the following:

1. Applicants are required to have an officially recognized three-year (90 credit hours, 15 full credits) baccalaureate degree from an officially recognized degree-granting institution with university status.
 - a. Preference will be given to applicants who have completed, or who are completing, a four-year baccalaureate degree (120 credit hours, 20 full credits), or who have completed both a three-year baccalaureate degree plus the equivalent of 30 credit hours at another officially recognized post-secondary institution (i.e., an Ontario College of Applied Arts and Technology).
2. Applicants are required to have a Grade Point Average (GPA) in the "B" range (minimum 70% or 2.7 on a 4.0 scale) calculated on the applicant's best 60 credit hours (10 full credits) of undergraduate university courses. College diploma and/or certificate courses, whether

transferred into the university degree program or not, will not be included in the Grade Point Average (GPA) calculation.

- a. Academic Equivalence: Applicants who do not meet the above Grade Point Average (GPA) requirement may be selected for an admission interview if the Admissions Committee grants academic equivalence. Academic equivalence can be demonstrated by:
 - i. Substantial relevant experience in an educationally-related field (e.g: experience and/ or employment as an Educational Assistant or Early Childhood Educator, employment as an uncertified/supply teacher, private school/Montessori teaching experience); or,
 - ii. Demonstrated proficiency in an identified area of need in the publicly-funded school systems in Ontario (e.g: French language proficiency).
3. Proficiency in English is required, as it is for all other Tyndale programs.
4. Meeting the academic requirements does not guarantee admission to the program.

Additional Information:

1. Applicants to the Junior/Intermediate program must be completing or have completed a minimum of 12 credit hours (2 full credits) in a teachable area. (Actual teachable course offerings may vary from year to year.)
2. For applicants completing an undergraduate degree during the application process, only courses completed by the application deadline will be assessed. A conditional acceptance, pending receipt of a final, official transcript, may be offered.

4. Junior/Intermediate applicants who wish French as a Second Language to be their teachable must have successfully completed a minimum of 12 credit hours (2 full credits) in French at the university level and demonstrate proficiency on the French Language Competency Test.
5. Applicants must complete the BEd application form and provide all requested documentation, including, but not limited to, all official post-secondary transcripts, reference letter(s), written statements and resumé (curriculum vitae).

Bachelor of Education (BEd) Policies

In the absence of a specific policy for the BEd program, University College policies will be considered the default policy.

Academic Advancement

Teacher Candidates must demonstrate diligent progress towards successfully completing all components of the program. It is expected that Teacher Candidates achieve a minimum Cumulative Grade Point Average (CGPA) of 2.30 with no one course below C-.

If a Teacher Candidate is not successful in a course or practicum component, he/she may request in writing, through a letter addressed to the Director, the opportunity to repeat the component in which he/she was unsuccessful. The Director will consider the request on a case-by-case basis. Only one repeat per component will be considered. If the repeat of a component is granted, it will be bound to a specific time frame, have clearly described expectations and be subject to additional costs. In the case of an unsuccessful third practicum, the Teacher Candidate may be required to wait one program year before repeating, if granted.

Involuntary Withdrawal

A Teacher Candidate may be involuntarily withdrawn from a practicum component if the Teacher Candidate demonstrates a breach of professional conduct in a practicum placement setting (e.g., seriously disrupting the functioning of the host classroom and/or the well-being of the students in the classroom). After consultation with the Director, the Faculty Advisor, the Principal of the partner school, and the Associate Teacher, a decision will be made. If involuntary withdrawal is invoked for a practicum component of the program, the Candidate may request in writing, through a letter addressed to the Director, the opportunity to repeat the component from which he/she was withdrawn. The conditions as stated in the Academic Advancement Policy apply.

Classroom Expectations and Guidelines

The expectations of the BEd program regarding attendance are founded on the following premise: The BEd program is a professional program, and therefore participants in the program need to demonstrate the same responsibilities that an employer would place upon them. Teacher Candidates are therefore expected to be present at all of the classes and practicum components in which they are registered. All absences are to be reported by email to the program officer, as well as to the appropriate instructor(s), faculty advisors and partner school contact. Missed or late course assignments due to an absence, whether excused or unexcused, are to be negotiated with the professor.

In keeping with most collective agreements between Teachers' federations and school boards, there are some circumstances wherein an absence will be excused. These include illness, the death of a family member and the graduation of a family member. For each of these instances, a three-day maximum absence will be granted at the discretion of the Director, and may require appropriate documentation (e.g., a doctor's note.)

In regard to the practicum components of the program, Teacher Candidates are to be aware that time missed is a reflection of the Teacher Candidate's commitment, as well as a great inconvenience for the Associate Teacher. Please see the Practica Handbooks for additional details.

To request an extended absence (i.e., more than two days), the Teacher Candidate needs to request special exemption by writing a letter addressed to the Academic Standards Committee and copied to the Director. It is recommended that the request be submitted at least one month prior to the intended absence.

Syllabi Availability

Course syllabi are made available to Teacher Candidates electronically.

Department of English

Professor Duquette, Chair

Associate Professor Davey

Associate Professor Masson

The works of authors such as C.S. Lewis and J.R.R. Tolkien have inspired millions. But what inspired them? The same works that form the staple of an English degree at Tyndale. Taking a Bachelor of Arts (BA) in English at Tyndale means studying literature by its greatest practitioners: Homer, Virgil, Sophocles, Dante, Shakespeare, Milton, Wordsworth – authors you will study in your first year alone! It entails learning the craft of writing and the theory that underlies it, while developing an appreciation for the great tradition of literature across the ages. It is also an excellent preparation for many professions, including education, law, public relations, journalism, politics, international relations, advertising and graduate research. With an eye on past greats and present practice, a BA in English is an investment in the future.

A Bachelor of Arts Honours degree in English is also offered. Students majoring in English may apply to this program in the winter semester of their second year. See below for specific degree requirements.

GENERAL STUDIES MINORS

French

Professor Duquette

Learning a second language is an important aspect of a comprehensive university education. In an effort to both embrace and promote cultural and linguistic diversity within the context of the university, the city of Toronto and the broader Canadian, multicultural context, as well as increase students' linguistic aptitude as an effort to promote God's kingdom and build community, Tyndale offers a number of courses designed to help students to think and communicate in French.

Students completing a minor in French will take courses in language and grammar instruction as well as courses that introduce students to French literature, media and culture. Successful completion of a minor in French will prepare students to engage and serve the community, both locally and globally, in the context of worldwide cultural and linguistic diversity. French language competency also provides students with an employable skill which can complement other areas of study at Tyndale, such as Business Administration, International Development, Christian Ministries and the Bachelor of Education program.

Music and Worship Arts

Assistant Professor Davis

Tyndale offers an innovative and relevant Music and Worship Arts minor that seeks to equip students for performance, music leadership and music ministry through courses, performance and ministry opportunities and mentorship. Through individual and group training, this program will provide an environment where musicians can explore their God-given gifts and refine their craft for use in the greater community and for the glory of God. The program combines practical studio training with theoretical knowledge in music while integrating the studies of music's role in worship arts.

Students in the Music and Worship Arts minor program will take courses in song-writing, performance, worship leadership and theology, music history and theory, music across cultures, and music pedagogy. Students receive performance training through small or large ensembles as well as private vocal and instrumental lessons. Music students will develop their art by experiencing the making of music in Tyndale's beautifully acoustically-sound chapel and multiple performance spaces, refining their craft in the campus' practice studios, and with the assistance of state of the art audio-visual technology. Multiple opportunities are available to students to perform at both campus and external events, in public concerts and chapels, as soloists and in ensemble settings. Successful completion of the Minor in Music and Worship Arts will equip students with various skills in music and worship arts that will assist them in serving in local and global, Christian and secular communities and contributing to society in meaningful ways.

Visual Arts and Media

Professor Duquette

The minor in Visual Arts and Media emphasizes and promotes creational thinking, aesthetic excellence and therapeutic communal responsibility through the arts. Students taking courses in Visual Arts and Media as a part of the minor or as a fulfilment of the Fine Arts Core Requirement will recognize that participation in the arts emerges out of God's original act of creation and is carried out as an act of expanding the kingdom of God.

Students in the Visual Arts and Media minor program will engage in drawing, painting, print-making and multimedia composition, developing their own personal skills and talents, while engaging theoretical, historical and philosophical matters in the arts. They will also discover how the arts may be used as a therapeutic and transformational resource for community and church building. Successful completion of the Visual Arts and Media minor will prepare students for further studies in Visual Arts and Media as well as the skills to practice art in a way that contributes to local, global, Christian and secular communities.

Department of Health and Human Services

Associate Professor Hutchinson, Chair

The Bachelor of Arts in Human Services (Social Services Work track or Early Childhood Education track), the Bachelor of Arts Health and Human Services with a Minor in Psychology, and the Bachelor of Arts Human Services (Modular format) are all offered through Tyndale's Department of Health and Human Services.

The Social Services Work (SSW) and the Early Childhood Education (ECE) programs are completed in partnership with Seneca College. These programs allow students to complete a Bachelor of Arts degree at Tyndale, plus a diploma in either Early Childhood Education or Social Services Work at Seneca, all in four years of full-time study. Students study at Tyndale for the first two years and then complete a 10-month program at Seneca before returning to Tyndale for their final year. Students graduate with both a university degree and a diploma and are ready for a career in their area of interest.

The Bachelor of Arts in Health and Human Services and the Bachelor of Arts Human Services (Modular format) are fully completed at Tyndale whereby students receive credit for a four-year university degree.

Department of History and Global Studies

Professor Faught, Chair

Professor Crouse

Distinguished Professor Gentles

The Bachelor of Arts in History and Global Studies involves studying the past in a scholarly manner as a means of understanding the present in a more complete way. Critical thinking, communication skills and research skills are fostered by the study of history at the university level. Studying history is excellent preparation for a wide variety of professions, including law, education, divinity and journalism, as well as for any endeavour for which a broad liberal arts education is desirable. The major in History and Global Studies also prepares students for graduate studies in history.

A Bachelor of Arts Honours degree in History and Global Studies is also offered. Students majoring in History and Global Studies may apply to this program in the winter semester of their second year. See below for specific additional degree requirements.

Note:

Tyndale University College Bachelor of Arts programs provide course work preparation (12-18 credits) for Bachelor of Education teachables in English, History, Mathematics, Science and French. Candidates are encouraged to include the following courses as a part of this preparation:

English (Canadian Literature)

History (Canadian History)

Mathematics (Calculus)

Science (Earth Science, Physical Geography, Biology, Chemistry)

Department of Linguistics

Assistant Professor Arsenault, Chair

Linguistics is the study of human language – how it is structured in the mind and how it is used in human societies. The courses deal with general principles basic to all human languages and teach skills necessary for learning, analyzing and describing the great diversity of languages in the world. Qualified graduates are prepared to face any language, even those that have no literature written in or about them.

Students of Linguistics have opportunities in the areas of translation, cross-cultural communication, international development (especially literacy programs) and teaching English as a second language. The major is good preparation for entrance to Speech Language Pathology programs at other universities or for further graduate studies in linguistics, including the Master of Applied Linguistics and Exegesis program or the Master of Arts in Linguistics program, both offered by the Canada Institute of Linguistics. The minor makes a good companion to any discipline in which language plays a prominent role, including International Development, Psychology, English Literature, Philosophy, and Biblical Studies and Theology.

Department of Philosophy

Associate Professor Franks, Chair
Professor Davis

The Bachelor of Arts in Philosophy involves the study of the history and major problems of philosophy in the Western tradition, from the early Greeks to the present. Studying philosophy involves developing one’s critical thinking, communication and debating skills. The Bachelor of Arts in Philosophy is excellent preparation for various professions, including law, divinity and politics. The major also prepares one for graduate studies in philosophy, as well as for any endeavour in which a broad liberal arts background is desirable.

Tyndale’s BA degree in Philosophy is intellectually rigorous and biblically informed. Students concentrating in Christian Apologetics will be able to understand, articulate, and defend “the faith once for all delivered to the saints” (Jude 1:3). This program will encourage students to develop the intellectual skills to love God with the mind, while also equipping them to engage in apologetics ministries in the workplace, on the web, in the local church, and on college/ university campuses.

A Bachelor of Arts Honours degree in Philosophy is also offered. Students majoring in philosophy may apply to this program in the winter semester of their second year. See below for specific degree requirements.

Faculty Advisors

Meeting with an assigned faculty advisor can be extremely helpful for managing an academic program. Advisors can help with personal decision making, selecting Field Education placements, course planning and realistic goal setting. They can also put students in touch with the available resources for a wide variety of topics. Students are encouraged to meet with their advisor early and get to know him or her. A list of the faculty advisors for all programs will be made available at the beginning of the academic year in September.

University College Academic Policies and Procedures

Registration and Courses

Course Load

In order to complete academic programs in the time frame specified in the Academic Calendar, students need to take 15 credit hours and, for Bachelor of Religious Education (BRE) students, one unit of Field Education each semester. A student must be registered for a minimum of 9 credit hours per semester in order to be a full-time student. To qualify for an Ontario Student Assistance Plan (OSAP) loan, a student must be taking at least 60% of a full course load, which is equivalent to a minimum of 9 credit hours at the University College. Permission to take more than a normal course load must be secured from the Registrar prior to registration.

Course Registration

Registration

1. Students must register for all courses through the Office of the Registrar via the online MyTyndale system.
2. A \$50 late fee will be charged to returning students who register after the respective August and December dates published in the Academic Calendar and on the website.
3. Students will not be allowed to enrol in courses after the second week of fall and winter classes or after the first day of a Degree Completion Program/Modular or spring/summer course.
4. International students must use the paper registration form and have the form signed prior to submission to the Office of the Registrar.

Changes and Withdrawals

1. Up until the end of the add/drop period (the end of the second week of classes), registration changes may be made online or in person.
2. After the end of the add/drop period, courses may be dropped until the final date for dropping courses (published in the Academic Calendar).

3. After the end of the add/drop period, tuition is refunded according to the published refund schedule. There is no refund for the administrative fee. See policy and refund percentages in the Fees and Expenses section.

Waiting List Policy

1. Course enrolment may be limited due to the instructional design of the course or the size of the classroom.
2. Students attempting to register for a course that is full will be placed on the waiting list through online registration or by the Office of the Registrar.
3. All waiting lists are compiled and implemented on a first-come, first-served basis. Students seeking to audit a course may be added to the waiting list but will have second priority after credit students.
4. No student will be offered a vacant place unless he or she is on the waiting list.
5. By decision of the Registrar, a student may be placed in a course without regard to the order of the waiting list or the limit. Such matters as degree requirements and immediacy of graduation are factors in these cases.
6. Instructors may not grant permission to students to register for their courses outside of the waiting list process.
7. Instructors may not allow students on the waiting list to attend classes in the hope that openings will occur.
8. The Registrar reserves the right to withdraw a student who is auditing a course up until the end of the add/drop period in order to give the place to a student wishing to take it for credit. In this case, the student withdrawn by the Registrar would receive a 100% refund.
9. Instructors may not allow students to attend a course without being registered either for credit or audit.
10. Enrolment of paying students will take priority over that of free audit students (i.e., graduates).

Course Substitutions

Students are expected to complete all required courses. Permission to substitute a required course may be granted by the Registrar.

Auditing Courses

1. Students must register to audit a course.
2. Prior to auditing any course, a student must have been admitted to Tyndale.
3. Students desiring to change a course from audit to credit or from credit to audit must do so within the first two weeks of the fall or winter semester or before the second class of a Degree Completion Program/Modular or spring/summer course.
4. To register, submit the completed registration form to the Office of the Registrar.
5. No credit hours or quality points shall be awarded for courses audited.
6. Online courses may not be audited.

8. Attendance is required.
9. The taking of examinations is not permitted, except by special arrangement with the instructor.
10. The instructor is not obligated to read or correct any submitted assignments.
11. At the end of the semester, a grade of "AU" (Audit) will be recorded on the transcript.
12. Tyndale students may audit one course free of charge after graduation in a degree program.
13. Permission to audit depends on there being room in the class after regular enrolment has been completed.
14. Paying students will take priority in enrolment.
15. Permission from the Registrar may be required.

Directed Studies Courses

1. Students must have completed at least one year in their program before requesting a Directed Studies course.
2. Students must have the stated prerequisites for the course.
3. No student on academic probation is eligible to take a Directed Studies course.
4. A Directed Studies course may not be taken as a substitute for an equivalent classroom course in the same semester.
5. The desired course must be discussed with the professor of the course, and written approval must be obtained from the Academic Dean prior to registration for the course.
6. The student should complete and submit a Registration for Non-Classroom Course form, available at tyndale.ca/registrar/forms, to the Office of the Registrar.
7. Registration for such courses will take place during normal registration times, and students are expected to complete such courses within the framework of a normal semester.

Letters of Permission

Tyndale University College students wishing to take courses at other institutions for the purpose of gaining credit toward Tyndale degrees or certificates may apply for letters of permission. A Letter of Permission form can be accessed at tyndale.ca/registrar/forms or through the Office of the Registrar. Please note that satisfying the requirements listed below does not guarantee admission to the host institution(s).

Student Eligibility

1. The student is required to have a minimum cumulative Grade Point Average (GPA) of 2.3 (C+) to apply.
2. The student must have completed a minimum of 10 courses (30 credit hours) before applying.
3. The student must have all outstanding balances owed to Tyndale University College paid before he or she is eligible to apply.

4. A student may not take courses by letter of permission if doing so would cause the number of courses taken at Tyndale to comprise less than 50% of the total offered for the degree.

Course Eligibility

1. For a course to be eligible, it must not be offered at Tyndale University College.
2. The course in question must adequately reflect and augment the program of the student as decided by the Department Chair and approved by the Academic Dean.
3. A core course may not be taken by a letter of permission.

Student Responsibilities

1. The student is required to prove the eligibility of the course first to the Chair of the department corresponding to the course; second, to the Registrar; and third, to the Academic Dean.
2. The student is responsible for all communication between the home and host institutions, including all syllabi, official transcripts (within a sealed envelope) and the letters of permission themselves.
3. The student must achieve a minimum Grade Point Average (GPA) of 2.0 (C) or equivalent in the course in question to have it transferred to his or her program at Tyndale University College.
4. The student must be aware that if the transfer credit is allowed in the final year of study, and that credit is the final credit required for graduation, the student will most likely not graduate in that session, but must wait for the next graduating session.

Repeating Courses

1. A student may repeat any course once in which a grade of “D” or “F” was received at Tyndale University College.
2. Only the higher earned grade in any repeated courses will count in the computation of the Grade Point Average (GPA).
3. Earned credit hours in repeated courses will count only once.
4. The repeated course must be completed in its entirety.

Program Changes

1. Students are accepted into the program indicated on their letter of acceptance. Students deciding to change programs or the vocational focus within a program should apply through the Office of the Registrar using the form designed for this purpose.
2. Upon receipt of the application, the Registrar will review it and come to a decision in consultation with the student’s academic advisor.
3. Checking a different box on the registration form filled out at the beginning of a semester does not constitute an application for a program change.
4. The Academic Standards Committee reserves the right to request or require a student to change to the certificate program, to another degree program or to another major.

Transfer Credit

Tyndale University College has a long tradition of academic excellence in the liberal arts, as well as in biblical and theological studies and ministry preparation. For decades, students have been going on from Tyndale to other universities and receiving credit for their work here. Our accreditation through the Commission on Accreditation of the Association for Biblical Higher Education (ABHE) has facilitated this, although the Commission has not permitted full course-for-course transfer credit in most cases.

As we have expanded our offerings in the arts and sciences to grant the Bachelor of Arts degree, universities increasingly are recognizing our arts and sciences courses for transfer credit on a course-for-course basis, on the strength of Tyndale's excellent faculty and high academic standards. We expect this trend to continue as the University College continues to grow in both size and quality.

The following is a partial list of universities that accept transfer credit from Tyndale University College. The absence of an institution from the following list does not necessarily mean that it would not grant transfer credit.

- **The Faculty of Arts at York University (Toronto, Ontario)** will accept transfers of up to 30 credit hours (10 semester courses) from Tyndale University College for students who meet the minimum entrance requirements for admission to York University and who achieve a minimum overall average of "C" (i.e., a Grade Point Average [GPA] of 2.0 in the Tyndale grading system) in the courses presented for transfer. Each course accepted for transfer credit must be presented with a grade of C or higher and must be equivalent to a course offered at York. A minimum of "C+" standing (i.e., a GPA of 2.3 in the Tyndale grading system) is required for courses applied to an Honours Bachelor of Arts degree in the Faculty of Arts at York.
- **The University of Waterloo (Waterloo, Ontario)** currently grants transfer credit for up to 45 credit hours (15 semester courses). The remaining course requirements toward a Bachelor of Arts or Bachelor of Science degree will vary, depending on the specific degree and program applied for.
- **Redeemer University College (Ancaster, Ontario)** will grant transfer of up to 75 credit hours (25 semester courses). Specific transfer credit for liberal arts and science courses will be determined by the appropriate academic department(s). After studying for two years at Tyndale, students may transfer to Redeemer and complete a Bachelor of Arts in two further years of study in majors not currently available at Tyndale.
- **Trinity Western University (Langley, British Columbia)** grants transfer of up to 75 credit hours (25 semester courses). The remaining courses required for a Bachelor of Arts or Bachelor of Science degree will vary from student to student, depending on the specific degree and program requirements applied for.

It is recommended that students interested in transferring one or two years of Arts and Science courses from Tyndale University College to any university seek detailed advice from the Registrar or prior to registering at Tyndale.

Transcripts

Students requiring Tyndale transcripts should submit a Transcript Request form, available at tyndale.ca/registrar/forms, to the Office of the Registrar and pay the posted fees.

Second Undergraduate Degrees

A graduate of Tyndale University College with a (Pass) Bachelor of Arts degree in any academic discipline may apply to register in an Honours Bachelor of Arts program in the same discipline.

1. Additional academic work, often including honours-level courses and an honours thesis, will be required. (Specific requirements for each applicant will be established by the Academic Standards Committee in consultation with the Registrar and the academic department concerned.)
2. When all academic requirements have been met, and the Pass Bachelor of Arts diploma has been surrendered, such a student may graduate (again) with an Honours Bachelor of Arts degree.
3. No graduate will be entitled to hold both a Pass and an Honours Bachelor of Arts in the same academic discipline.

A Tyndale Pass or Honours Bachelor of Arts graduate in any academic discipline may apply to study toward a Pass or Honours degree in another discipline.

1. Additional academic work, including course work and (in the case of application to an honours program) honours-level courses and an honours thesis in the second discipline, will ordinarily be required. (Specific requirements for each applicant will be established by the Academic Standards Committee in consultation with the Registrar and the academic department concerned.)
2. Graduates of Tyndale University College may only possess one undergraduate degree. When all academic requirements have been met, the previous Pass or Honours Bachelor of Arts degree must be surrendered before a student may graduate (again) with a Pass or Honours Bachelor of Arts degree in another discipline.

Statute of Limitations Policy

1. Students are eligible to graduate from a program under the terms of the Academic Calendar in force at time of their first enrolment in that program, provided that they graduate within the number of years specified below for each program. Students who change from one certificate, degree or major to another must accept the terms of the Academic Calendar in force at the time the change is made to the new program. The number of years they have to complete the new program, however, will be calculated from the date of first admission.

2. Notwithstanding the above, Tyndale University College reserves the right to substitute courses in cases where required courses are no longer offered.
3. The following time limits apply:
 - a. Students in the Bachelor of Arts or Bachelor of Arts Honours degree have eight years to complete their program.
 - b. Students in all other Bachelor's degrees have seven years to complete their program.
 - c. Students in all Certificate programs have five years to complete their program.
4. Students who exceed the number of years allotted for their program are suspended and not eligible to take further courses unless they receive an extension, as described below.
5. Students who come to the end of the time allotted for the completion of their program and who have not completed it, but are in a position to complete within one calendar year, may apply for an extension using a form available from the Office of the Registrar. The student will meet with the Registrar and they will devise a plan for finishing the program. If the Registrar is satisfied with this plan, the extension will be approved. This plan will be attached to the form and kept in the student's file.
6. In exceptional cases, a second one-year extension may be approved by the Registrar.
7. If the extension is not approved, the student may appeal this decision by writing a letter of appeal to the Academic Standards Committee.
8. If an extension is not granted, the student may continue to register for courses. However, the student will be governed by the Academic Calendar in force at the time his or her allotted time limit expired. This means that all graduation requirements in force at that time must be completed for graduation.
9. Students who exceed the number of allotted years (plus any extensions) and therefore come under the Academic Calendar in force at that point, will have a maximum of two additional years from that point to complete the degree. After the two years, if the student has not graduated, he or she will be suspended and will not be eligible to take further courses.
10. A student suspended because the statute of limitations runs out can apply for readmission to the University College and his or her case will be considered by the Academic Standards Committee. The Committee will re-admit the student only if the Committee is satisfied that the student has a viable plan for finishing in what the Committee considers to be a reasonable time. The re-admission decision will include a new deadline for completion of the degree. The student must complete all graduation requirements specified for his or her program as found in the Academic Calendar in force at the point of re-admission.
11. This policy will apply to all students who first enrol at Tyndale University College after September 1, 2003.
12. This policy will also apply to students enrolled at Tyndale prior to September 1, 2003. However, for purposes of calculating the number of years they have left to finish their program, these students will be considered to have been in their first year in the 2003-2004 year, even though they may have been admitted under an older Academic Calendar.

Classroom Expectations and Guidelines

Course Syllabi

Course expectations will be outlined in the syllabus at the beginning of each course. These include, but are not limited to, course learning outcomes, required texts, an evaluation and grading scheme, assignments, a course schedule and classroom policies.

In most cases, the syllabus will be available to students either on the course webpage or it will be distributed by the instructor. The syllabus contains information that students need in order to succeed in each course. Therefore, students are strongly encouraged to download a copy of the syllabus for each of their courses from the course webpage or to ensure they have received a hard copy from their instructor.

Attendance

Faithful attendance at classes is an important indicator of student maturity and involvement. Class attendance and participation are part of the evaluation of the student and may have a bearing on the final grade for the course.

When a student misses a significant number of classes because of illness, he or she should notify the Dean of Student Life in person or by phone. The student will need to submit a doctor's certificate upon return. The Dean of Student Life will notify the student's professors of the reason for the absence and suggest that they take this reason into consideration when grading assignments.

The University College faculty have adopted the following guidelines to define student responsibilities in this matter and to assist the student in developing a disciplined life.

Attendance Policy for Fall and Winter Courses:

Absence from once-per-week courses

1 or 2 absences:	Absence from class for any reason (including illness) is permitted twice without penalty.
3 or 4 absences:	Students with three or four absences without legitimate reason will lose one grade level from their total course grade. Legitimate absences include personal illness or injury or death in the immediate family. Students are responsible to report to the instructor the reason for all absences.
5 absences or more:	Absenteeism for any reason that exceeds four absences will automatically mean the student has chosen not to complete the course and a grade of "F" will be assigned. Students who are absent because of extended illness or injury verified by a doctor's certificate are eligible to apply through the Academic Standards Committee for permission to complete the subject. If excessive absenteeism due to illness or injury extends into the following semester, the student must have a reduced load in the following semester.

Absence from twice-per-week courses

1 to 4 absences:	Absence from class for any reason (including illness) is permitted four times without penalty.
5 to 8 absences:	Students with five to eight absences without legitimate reason will lose one grade level from their total course grade. Legitimate absences include personal illness or injury or death in the immediate family. Students are responsible to report to the instructor the reason for all absences.
9 absences or more:	Absenteeism for any reason that exceeds eight absences will automatically mean the student has chosen not to complete the course, and a grade of "F" will be assigned. Students who are absent because of extended illness or injury verified by a doctor's certificate are eligible to apply through the Academic Standards Committee for permission to complete the subject. If excessive absenteeism due to illness or injury extends into the following semester, the student must have a reduced load in the following semester.

Attendance Policy for Spring/Summer Courses:

Absence from 6-week courses (two classes per week):

1 or 2 absences:	Absence from class for any reason (including illness) is permitted twice without penalty.
3 or 4 absences:	Students with three or four absences without legitimate reason will lose one grade level from their total course grade. Legitimate absences include personal illness or injury or death in the immediate family. Students are responsible to report to the instructor the reason for all absences.
5 absences or more:	Absenteeism for any reason that exceeds four absences will automatically mean the student has chosen not to complete the course, and a grade of "F" will be assigned. Students who are absent because of extended illness or injury (verified by a doctor's certificate) are eligible to apply through the Academic Standards Committee for permission to complete the subject. If excessive absenteeism due to illness or injury extends into the following semester, the student must have a reduced load in the following semester.

Absence from 1-week intensive courses (five days per week) and weekend courses (five consecutive Saturdays):

As a result of the intensive nature of the 1-week and weekend courses, attendance in each class is a requirement for these types of courses.

Any unexcused absence from an intensive course indicates that a student has chosen not to complete the course, and a grade of "F" will be assigned.

1 absence:	Students may be granted one excused absence for legitimate reasons, including personal illness, injury or death in the immediate family. Students are responsible to report to the instructor the reason for all absences.
2 absences or more:	Students who are absent because of extended illness or injury (verified by a doctor's certificate) are eligible to apply through the Academic Standards Committee for permission to complete the subject.

Attendance Policy for Modular Courses:

Students in modular courses should refer to the attendance policy noted in the Student Guide for Modular Programs (a supplement to the Academic Calendar). The guide is available online at tyndale.ca/dcp/student-resources.

The above policies should be considered as being in effect unless the instructor indicates otherwise at the beginning of the semester. Instructors have the prerogative of instituting their own attendance policies for individual courses.

Assignments

Major assignments will be specified at the beginning of a semester in the course syllabus, so that students can organize their time effectively. All essays and other written assignments shall be written at the university level as far as grammar, style and structure are concerned. When this is not the case, instructors shall:

- Comment in writing on the deficient parts of the essay or other written assignment;
- Recommend that the student get help from the Centre for Academic Excellence; and
- Lower the grade in proportion to the seriousness of the deficiency.

Research papers for University College courses should conform to the style requested by the professor. A summary of the three standard forms is found on the Writing Consultation webpage: tyndale.ca/academic-excellence/writing.

Students are required to keep backup copies of all assignments submitted.

Electronic Submission

1. For courses where electronic submission of assignments is required, it is the responsibility of the student to ensure that the instructor has received the assignment by the established due date and to ensure that the assignment submitted is the complete and correct version.
2. Any student may be requested to submit papers in electronic form to facilitate the professor's routine checks for academic fraud.

Late Assignments

Assignments should be submitted on the due date in order to receive full credit. The penalty for unexcused late assignments will be determined by the following scale:

1. For each day or part thereof late, the instructor will reduce the assigned grade by one-third of a letter; e.g., "A" to "A-," "B+" to "B." Saturdays, Sundays and holidays are excluded from the reckoning.
2. The above policy should be considered as being in effect unless the instructor indicates otherwise at the beginning of the semester in the syllabus. Instructors have the prerogative of implementing their own late assignment policies for individual courses.

3. Excessively late assignments may receive no credit and result in failure. In some subjects, no late assignments will be accepted for credit, and this will be communicated to the students at the beginning of the course.

Extensions on Assignments

No instructor may grant extensions on any assignments, nor accept assignments after the final day of exams in the fall or winter semesters. Students requiring extension must follow the procedures outlined below.

Penalties for late assignments and attendance expectations will be stipulated in each course syllabus. The following procedure will be followed for students requesting extensions:

1. If a student is not able to complete all assignments within a course by the last day of exams, the student may appeal to the Registrar for an extension. Such an appeal should be made in writing using a form available from the Office of the Registrar or online at www.tyndale.ca/registrar/forms.
2. Extensions will be granted by the Registrar only in cases where the student was clearly prevented from completing the assignments by circumstances beyond his or her control (e.g., hospitalization, illness documented by a note from a doctor, etc.). Extensions are not granted for what best could be described as “poor time management” or “over involvement” in an extracurricular activity.
3. If a student is unsure if he or she has a valid reason to appeal, the student may wish to discuss the matter with the Registrar or the Dean of Student Life.
4. If an extension or grade of “incomplete” is granted by the Registrar, all work for the course will be due with a new deadline. Once an “incomplete” is granted, it is the student’s responsibility to contact the instructor and make satisfactory arrangements to complete the outstanding work.
5. Failure to submit assignments by the deadline will result in failing grades (a grade of “F”) on those assignments, and the final grades on courses will be calculated accordingly.
6. The decision of the Registrar may be appealed in writing to the Academic Standards Committee. The Academic Standards Committee will respond in writing to the student and provide a copy of the decision to the various parties. The decision of the Academic Standards Committee is final.

Assignment Policy for Spring/Summer Courses

The Tyndale University College policy on assignments for fall and winter courses also applies to spring/summer courses. Instructors have the prerogative of implementing their own late assignment policies for individual courses.

Final assignments for spring/summer courses must be submitted by the due date outlined in the course syllabus, which must be no later than three weeks after the final scheduled class of the course.

Assignment Policy for Modular Courses

Students in modular courses should refer to the assignment policy noted in the Student Guide for Modular Programs in conjunction with the policies outlined here. The guide is available online at tyndale.ca/dcp.

Electronics Policy

Professors have the right to prohibit the use in class of some or all electronic communication devices. Students who require electronic devices (such as laptop computers) because of officially documented disabilities will be exempted from such prohibitions.

Recording of Classes

1. Students must request permission from the professor of the particular class that they would like to record.
2. Where permission is granted, students are expected to supply their own equipment.
3. If a student is not able to attend a lecture and would like to have it recorded, it is the responsibility of the student to obtain the professor's permission, find another student to record the lecture and to supply that student with the recording device.

Course Evaluations

At the end of each academic term, students will be given the opportunity to provide meaningful feedback and evaluation on the courses they have taken. The results of these evaluations are compiled and distributed to the instructors, the respective department chairs and the Academic Dean for consideration. Student feedback and evaluation are important aspects of course development and planning; students are encouraged to provide meaningful feedback using these forms.

Every effort is made to ensure the anonymity of the students completing course evaluations, as well as to ensure the integrity of the evaluation process. Therefore, course evaluations will not be made available for Directed Studies, Honours Thesis or Internships as these are most often one-on-one courses. Students wishing to submit comments or concerns regarding these courses can feel free to contact the Office of the Academic Dean.

Examinations

Midterm Examinations, Tests and Quizzes

1. Instructors will assign the times for midterm examinations, tests and quizzes throughout the semester.
2. Midterm examinations will be held as scheduled. If a student misses such an examination through illness or some other emergency, the examination must be written after the student returns within a number of school days that do not exceed the number of school days missed. Example: If a student is ill for three days and in that time misses a midterm examination, that examination must be written within three days of the return to school.

Final Examinations

Final examinations will be held during the times stated in the Academic Calendar. The Registrar will determine the time and place of these examinations.

The following rules apply to every final examination:

1. No student is permitted to take into the examination room any materials relating to the examination subject, including Bibles, unless otherwise indicated.
2. No student may leave the room without permission from the exam proctor.
3. Students who are more than 30 minutes late will not be allowed into the examination room.
4. Students will not be allowed to leave the examination room during the first 30 minutes of the examination period.
5. No student may leave his or her seat during the final fifteen minutes.
6. Students must not linger in the halls outside the examination rooms while examinations are being written.
7. No student will be permitted to write beyond the allotted time without special permission of the Registrar.

Exam Conflicts and Rescheduling

1. The only circumstances that will allow the rescheduling of an exam are as follows:
 - a. Exam Conflict: two exams at the same time or three exams within 24 hours.
 - b. Illness: a doctor's note, dated on or before the date of the exam, is required if a student misses an exam due to illness.
2. If there are unusual circumstances (such as a death in the family), an exam may be rescheduled within the regular exam period at the discretion of the Registrar.
3. To reschedule an exam, a student must submit an Exam Reschedule Form to the Office of the Registrar by the deadline stated on the Exam Reschedule Form. Forms are available at tyndale.ca/registrar or in the Office of the Registrar.
4. If a student is ill on the day of the exam, he or she should not call the Registrar or professor, but submit an Exam Reschedule Form and doctor's note to the Office of the Registrar within 48 hours of the originally scheduled exam time.

Examination Policy for Spring/Summer Courses

1. Final in-class examinations may be held on the last class of the course, as indicated in the course syllabus. (In-class examinations will not be held after the last scheduled class of a spring/summer course.)
2. Final take-home examinations, as noted in the course syllabus, may be assigned with a due date of no later than three weeks after the final scheduled class of the course.
3. For further information on examination policies and scheduling, please see the above policies on "Final Examinations" and "Exam Conflicts and Rescheduling."

Academic Standing and Grades

Grading System and Scale

Grades which count in the Grade Point Average (GPA):			
Letter Grade	Numerical Value	Grade Points	Definition
A+	90-100	4.0	Excellent, Good These grades are earned only when evidence indicates that the student has consistently maintained above average progress in the subject. Sufficient evidence may involve such qualities as creativity, originality, thoroughness, responsibility and consistency.
A	85-89	4.0	
A-	80-84	3.7	
B+	77-79	3.3	
B	73-76	3.0	
B-	70-72	2.7	
C+	67-69	2.3	Satisfactory This grade means that the student has fulfilled the requirements of the subject to the satisfaction of the instructor. These requirements include the understanding of subject matter, adequacy and promptness in the preparation of assignments and participation in the work of the class.
C	63-66	2.0	
C-	60-62	1.7	
D+	57-59	1.3	Poor This grade indicates that the accuracy and content of work submitted meets only the minimal standards of the instructor. Performance at this level is considered inadequate for graduation.
D	53-56	1.0	
D-	50-52	0.7	
F	0-49	0.0	Failing Work submitted is inadequate. Attitude, performance and attendance are considered insufficient for a passing grade.

Grades which do not count in the Grade Point Average (GPA):			
AG	Aegrotat Standing	P	Pass
AU	Audit (non-credit)	W	Withdrawal
I	Incomplete (granted by the Registrar)	N	No Pass
IP	In Progress		

Incomplete Grade

A temporary grade of incomplete (“I”) may be granted by the Registrar in cases such as death in the family or medical emergency. Needing more time is not a criterion for an “incomplete.” Once an “incomplete” is granted, it is the student’s responsibility to contact the instructor and make satisfactory arrangements to complete the outstanding work. A student who receives an “I” must complete the work by the extended deadline. A grade of “F” will be recorded for students who do not complete the outstanding work by the deadline.

Aegrotat Standing

Aegrotat standing, a final grade given in a course for which the required examination was not taken, may be granted in exceptional circumstances. The instructor concerned may submit a recommendation to the Academic Standards Committee. Aegrotat standing will be considered on the basis of grades achieved in the course(s) for which it is requested, accumulated Grade Point Average (GPA), successful completion of three-quarters of the semester in which the course(s) are taken, a minimum of 65% (C) in course(s) prior to the emergency that led to the request for aegrotat, consistent attendance and supporting documentation certifying an inability to continue the course(s).

Dean's Honour List

A student who takes a minimum of 12 credit hours in either the fall or winter semester and achieves a Grade Point Average (GPA) of 3.7 or higher is eligible for the Dean's Honour List for that semester.

Graduation Requirements

1. Graduating students are required to have a passing grade in all courses as prescribed in the particular program in which they are enrolled.
2. Substitutions in a course are allowed only by special permission from the Registrar or the Academic Dean.
3. The cumulative GPA must be at least 2.0 (C) in order to qualify for graduation. (Refer to the Bachelor of Education section for Bachelor of Education graduation requirements.)
4. Students must normally complete the last year of work at the University College in order to graduate.

Graduating with Distinction

A student who achieves a cumulative GPA of 3.7 or higher on the 120 credit hours presented for the Bachelor of Arts degree or the 90 credit hours presented for the Bachelor of Religious Education degree will be awarded the degree "with distinction."

Academic Policies and Procedures

Academic Integrity

Integrity in all academic work is required from all students. Academic fraud violates the academic integrity which is to be the foundation of Christian university studies: it is a serious matter with serious consequences. Knowingly aiding or abetting anyone in a breach of academic integrity shall in itself be considered misconduct and result in a range of consequences leading up to and including expulsion.

Definition of Academic Fraud:

Academic fraud is defined as, but not limited to, the following:

1. Falsification of Data or Citation

- a. Giving false information for the purpose of gaining admission or credits.
- b. Fabricating, forging or altering Tyndale University College documents.
- c. Fabricating, forging or altering transcripts, letters of reference or other official documents.
- d. Providing false information or forged medical documentation to gain extensions, exemptions or advantages for any academic work.
- e. Presenting information or research data that has been falsified; providing statements or referencing sources that have been invented.

2. Interference with or Falsification of Academic Assessment

- a. Tampering with, stealing or destroying another student's academic work.
- b. Preventing another student from completing a task for academic assessment.
- c. Altering a grade on academic work for the purposes of having the recorded grade changed.
- d. Impersonating other students for the purpose of academic assessment.

3. Multiple Submission

- a. Submitting an assignment for which previous academic credit was given, either at Tyndale or at another institution, or submitting the same assignment for two or more courses.
- b. In some circumstances, an expanded paper or project common to two or more courses of study may be submitted with prior approval.

4. Cheating

- a. Copying another person's test, examination, or coursework or allowing another student to copy one's work and submit it as his or her own.
- b. Accepting credit for group work or a group project for which the student did not provide assistance or participate.
- c. Using notes, electronic devices, or other aids during a test or examination without permission from the instructor or disregarding instructions and guidelines set forth by the instructor for take-home or online examinations.
- d. Obtaining or distributing unauthorized tests, examinations or other course materials for academic assessment.

5. Plagiarism

Plagiarism may be attributed (but is not limited) to any of the following types of academic work: papers, essays, tests, exams, research reports, theses (oral or written), lab reports, oral presentations, music, or artwork.

Any of the following may constitute plagiarism:

- a. Submitting academic work that has been, entirely or in part, copied from or written by another person without full and proper acknowledgement. "In part" can be as little as a sentence or two: plagiarism is not a matter of quantity.
 - i. Using the exact wording of a source without putting the borrowed words in quotation marks, or following the syntax (structure) or wording of the source too closely. Even if a citation is given, this is still plagiarism, as it misrepresents the wording as the student's own.
 - ii. Paraphrasing words or ideas from a source without full and proper acknowledgement of the source.
 - iii. Including a source in the "works cited" list or reference list, but giving no parenthetical citations or footnotes/endnotes in the essay to show exactly which quotations, ideas or facts were taken from that source.
- b. Submitting academic work which has been written, rewritten or substantially edited by another person.

For further guidelines on proper acknowledgement of sources, consult the Tyndale University College Centre for Academic Excellence.

Procedure in Cases of Academic Fraud

In all cases of alleged academic fraud, the instructor or staff member will inform the Academic Standards Committee. He or she may also choose to speak with the student(s) involved.

1. The instructor will provide the Committee with evidence of the alleged offence.
 - a. For all cases of alleged academic fraud the instructor, staff member or faculty member will submit a written statement and/or evidence that substantiates the allegation. When applicable, this will include submitting an original copy of the student's academic work.
 - b. For all cases of alleged plagiarism, the instructor must also submit an original copy of the student's academic work or assignment, along with its instructions or guidelines, as well as written indications as to which aspects or sections of the academic work or assignment may have been plagiarized. The instructor will also provide copies of any sources from which material is alleged to have been plagiarized.
2. The Chair of the Academic Standards Committee will give written notice to the student, which will be placed in the student's file, indicating the nature of the alleged offence and setting a date, time and place for a hearing in which the accused will be afforded the opportunity to respond in writing or in person to the allegation. The student may be assisted and represented by another person of his or her choice. The student may waive his or her right to respond in writing or to appear in person.
3. After the hearing, the Academic Standards Committee will rule on the allegation. The Chair will then notify the student of the committee's ruling, in writing, including any penalties imposed. A copy will go to the instructor and be placed in the student's file.

4. Appeals of decisions concerning academic fraud may be made, on procedural grounds only, in writing, to the Academic Dean. Such appeals must be made within fourteen calendar days of the student's having received notification of the decision of the Academic Standards Committee. The policies for appeals of grades on assignments and appeals of final grades do not apply to decisions concerning academic fraud.

Penalties in Cases of Academic Fraud

At the discretion of the Academic Standards Committee, the following penalties may be implemented:

In cases where academic fraud is established within the context of a student's course or coursework:

- In most cases, in addition to the penalties listed below, a written reprimand will be placed in the student's academic file.
- In cases of plagiarism, cheating, falsification of data or citation, or interference with academic assessment, the student will receive a zero on the academic work or in the course.
- If academic fraud is established in multiple cases, the student will receive a mark of zero for the course(s) in question, and the student may be suspended or expelled from Tyndale University College.
- If a student voluntarily withdraws from a course in which he or she has been accused of academic fraud, the student may still receive a grade of zero on that course, should the Academic Standards Committee determine that he or she has committed academic fraud.
- Sometimes academic fraud will not be discovered until after a student has received a passing grade on an assignment, test or examination. When this is the case, the student's grade on the academic work or the course or both may be changed retroactively to zero.
- If a student submits an assignment for which previous academic credit was given, either at Tyndale or at another institution, or has submitted the same assignment for two or more courses without prior approval, the student will receive a zero on one or more of the assignments in question.
- When deemed beneficial, the Academic Standards Committee may refer the student to the Centre for Academic Excellence.

In cases where academic fraud is established within the broader context of a student's relationship to Tyndale University College:

- In most cases, in addition to the penalties listed below, a written reprimand will be placed in the student's academic file.
- Giving false information for the purpose of gaining admission or credits may result in expulsion from Tyndale University College and/or in the revoking of the falsely obtained credits.

- The fabrication, forging or altering of Tyndale University College documents or transcripts (either from Tyndale or other institutions), letters of reference, or other official documents may result in expulsion from Tyndale University College.

Academic Probation and Suspension

1. At the end of each semester, the academic progress of all students will be reviewed by the Registrar.
2. Any student who does not meet the minimum cumulative Grade Point Average (GPA) standard of 2.0 ("C" average) will be placed on academic probation for one semester.
3. Any student who does not meet the minimum cumulative GPA standard of 2.0 ("C" average) at the end of the probationary semester may be subject to academic suspension for a period of one semester (not including summer). The records of all students will be monitored regarding suspension, on a yearly basis. Suspension decisions will be made at the end of the fall and winter semesters.
4. A student who does not achieve the cumulative GPA of 2.0 but whose semester GPA is at least 2.3 may be allowed to continue on probation for an additional semester.
5. Probationary standing may be cleared only with grades and grade points earned at Tyndale. A probationary student who achieves the 2.0 GPA standard will be removed from probation.
6. A student who earns a cumulative GPA of less than 1.0 ("D" average) in the first semester at Tyndale may be subject to academic suspension at the end of that semester without a period of academic probation.
7. A student placed on academic suspension is ineligible for re-admission to Tyndale until one semester has elapsed (not including summer). Credit for course work taken elsewhere during the period of suspension will not be accepted as transfer credit at Tyndale upon readmission.
8. A student who has been readmitted following a period of academic suspension will remain eligible to continue as long as his or her semester GPA for each semester is at least 2.3, even though his or her cumulative standing may be below the 2.0 requirement.
9. A student placed on probation or returning from suspension will be required to enrol in LANG 1103 Academic Achievement Strategies (if not previously completed) and may be required to enroll in specific courses in an effort to improve his or her Grade Point Average (GPA). A student in this category may not enrol for more than twelve (12) credit hours (including LANG 1103) or nine (9) credit hours if LANG 1103 was previously completed until satisfactory standing is achieved.
10. A student who is placed on academic suspension may appeal in writing to the Academic Standards Committee. The student will receive a final written response from the committee.
11. A student on academic probation may not represent Tyndale or participate in co-curricular activities.

Academic Appeals

Appeal of a Grade on an Assignment

A student may informally appeal a grade on an assignment by first discussing it with the professor within 14 days of receiving the grade. If this does not bring about a satisfactory resolution, the procedure is as follows:

1. Within 14 days of discussing the grade with the professor, the student must write a letter of appeal to the Academic Standards Committee, outlining the reasons for appealing the grade. The decision of the committee may result in the grade increasing, decreasing or staying the same. The student will be informed in writing of the committee's decision.
2. If this does not bring about a satisfactory resolution, the student may appeal in writing to the Academic Dean within 14 days of receiving the committee's decision. The written appeal must include a copy of the student's statement to the Academic Standards Committee and the committee's written response. The Academic Dean will evaluate the student's appeal and the committee's assessment. The resulting decision of the Academic Dean is final.

Appeal of a Final Grade for a Course

A student may informally appeal a final grade in a course by first discussing it with the professor upon receipt of the grade. If this does not bring about a satisfactory resolution, the student may formally appeal the grade in writing within 14 days from the date the grades are released from the Office of the Registrar. The procedure is as follows:

1. Within 14 days of discussing the grade with the professor, the student must write a letter of appeal to the Academic Standards Committee, outlining the reasons for appealing the grade. The decision of the committee may result in the grade increasing, decreasing or staying the same. The student will be informed in writing of the committee's decision.
2. If this does not bring about a satisfactory resolution, the student may appeal in writing to the Academic Dean within 14 days of receiving the committee's decision. The written appeal must include a copy of the student's statement to the Academic Standards Committee and the committee's written response. The Academic Dean will evaluate the student's appeal and the committee's assessment. The resulting decision of the Academic Dean is final.

Intellectual Property Policy

The objectives of this Intellectual Property (IP) Policy are:

1. To encourage any member of Tyndale University College & Seminary who may have created or discovered IP to share that property with the public in a manner that is beneficial to the member and to the mission of Tyndale;
