Assistant Professors Driver, Noel

The Bachelor of Arts in Biblical Studies and Theology focuses on biblical and theological studies in the Christian tradition, with some attention given to other traditions. Tyndale offers excellent biblical and theological courses that cover the full range of the biblical canon and the historical and systematic theology of the Church. Our understanding of the Bible and its importance for the history and present life of the Church are highlighted in the opportunity for our students to study two years of Hebrew and Greek. The major in Biblical Studies and Theology is excellent preparation for a life of learning, for graduate school and seminary studies, as well as being a good major for any career in which a liberal arts background is desirable.

A Bachelor of Arts Honours degree in Biblical Studies and Theology is also offered. Students majoring in Biblical Studies and Theology may apply to this program in the winter semester of their second year. See below for specific degree requirements. Recent honours graduates have been accepted to MA programs at McGill University, McMaster University, University of Durham, University of Edinburgh, University of St. Andrews, and University of Toronto.

Biblical Studies and Theology majors planning on pursuing a ministry career are recommended to consider a minor or a second major in another discipline, such as Christian Ministries, English, History, Philosophy, etc.

Students seeking ministry credentials within the Pentecostal Assemblies of Newfoundland and Labrador are required to complete the BA in Biblical Studies and Theology, choose from one of the Christian Ministries minors, and complete the fourth year requirements offered only in Newfoundland and Labrador.
