The Bachelor of Arts in Psychology involves the scientific study of human behaviour and exposes students to the major theories and theorists in the discipline. The Bachelor of Arts in Psychology prepares the student for a wide variety of professions, for professional schools where a general liberal arts background is desirable and for graduate studies in psychology. The Department of Psychology at Tyndale University emphasizes clinical, social and developmental psychology. A Bachelor of Arts Honours degree in Psychology is also offered. To enrol in the Bachelor of Arts Honours Psychology track during the fourth year requires completion of PSYC 360 and 461 during the third year and the arrangement of a thesis supervisor by February 28 of the third year.
