

Doctor of Ministry (DMin) Program

Director: Dr. Mark Chapman | 416.226.6620, ext. 2208 | mchapman@tyndale.ca

The Doctor of Ministry (DMin) is the highest earned degree for the profession of ministry. It is intended to: 1) advance understanding of the nature, purposes and practice of ministry, 2) enhance ministry and leadership competencies and 3) encourage continued growth in spiritual maturity. It is the appropriate degree for those with a Master of Divinity or equivalent, at least three years of ministry experience and a desire to deepen and broaden their ability in their area of ministry calling. This is a three-year plus, in-ministry program.

Due to the nature of the DMin program, many of its policies and procedures differ from those of other Tyndale programs. For details about DMin policies and procedures, please see the DMin Program Handbook.

The Doctor of Ministry has four tracks: Clinical Counselling and Psychotherapy, Leadership, Pastoral Thanatology, and Spiritual Formation.

Leadership Track with Concentration in Reframing Church in Context		Courses
