C. ASSIGNMENTS AND GRADING

1. Class Attendance, Study Group Participation, and Completed Homework (10 %):

Regular and faithful attendance is required. The student is expected to participate in class, do the written assignments and exercises, participate in a study group, and become well acquainted with the grammar and other resources.

2. Quizzes (50 %):

There will be regular quizzes given in class during the course of the semester based on the vocabulary and grammar studied up to that point. Quizzes are given at the beginning of the class period. Missed quizzes count as zero. The lowest quiz mark will not be counted.

3. Final Exam (40 %):

There will be a final exam worth 40 % (the date to be confirmed by Office of the Registrar).

Students taking this course are required to form study groups comprised of between three to four members. Homework may be done as a group, however, the “divide and copy” method (i.e. you do questions 1–5 and I will do 6–10, and then copy each other’s answers) is expressly prohibited. The groups must meet once per week to assist one another in learning the language. Each group can set a time when is convenient for them to meet in a live-streamed online meeting. Students are expected to be in contact with members of their study group frequently and regularly for the purpose of review, reading practice, vocabulary testing, problem solving, and mutual support. Your group is one of your most important assets in this course. If you and your study group is not a good match and is not working out, please tell the professor immediately.

Learning Hebrew requires adequate time. Therefore the student should refrain from overloading his or her schedule while studying Hebrew. The student must work on their Hebrew daily or at least every other day. Cramming last minute does not work when learning a language. Learn to use small chunks of time for vocabulary and paradigm review. As a suggested guideline, study three hours outside of class for every hour spent in class (the number of hours needed will vary with each student). Plan regular study time into your schedule. Attendance in class is also required. Do not miss class, even if your homework is not completed. Always ask questions if you do not understand. Do not allow yourself to fall behind by not resolving any problems you may have. Bring your questions to class and to your study group. Learning a biblical language can be challenging but it is also very rewarding. Anyone can learn if they really want to and are willing to work hard. You will not regret it when you begin to use your knowledge of Hebrew to read and study God’s Word. You will discover innumerable treasures therein. You are about to begin a rich journey of discovery with God’s grace!

D. SUMMARY OF ASSIGNMENTS AND GRADING

Evaluation is based upon the completion of the following assignments:

Class Attendance, Participation and Completed Homework	10 %
Quizzes	50 %

Final Exam	40 %
Total Grade	100 %

VI. GENERAL REQUIREMENTS FOR ALL COURSES

A. EQUITY OF ACCESS

Students with permanent or temporary disabilities who need academic accommodations must [contact](#) the [Accessibility Services](#) at the [Centre for Academic Excellence](#) to [register](#) and discuss their specific needs. *New students* must self-identify and register with the Accessibility Office at the beginning of the semester or as early as possible to access appropriate services. *Current students* must renew their plans as early as possible to have active accommodations in place.

B. REQUIREMENTS FOR LIVESTREAM INTERACTION (SYNCHRONOUS ONLINE COURSE ONLY)

- Livestream attendance for the entire duration of the class at announced times

- Headphones (preferred), built-in microphone, and web-camera
- Well-lit and quiet room
- Stable high-speed internet connection, preferably using an Ethernet cable over Wi-Fi
- Full name displayed on Zoom and Microsoft Teams for attendance purposes*
- A commitment to having the camera on to foster community building*

**exceptions with permission from professor*

C. GUIDELINES FOR INTERACTIONS

Tyndale University prides itself in being a trans-denominational community. We anticipate our students to have varied viewpoints which will enrich the discussions in our learning community. Therefore, we ask our students to be charitable and respectful in their interactions with each other, and to remain focused on the topic of discussion, out of respect to others who have committed to being a part of this learning community. Please refer to “Guidelines for Interactions” on your course resource page at classes.tyndale.ca.

D. GUIDELINES FOR THE SUBMISSION OF WRITTEN WORK

Grading Rubric

Please consult the rubric provided for each assignment on your course resource page at classes.tyndale.ca.

Academic Integrity

Integrity in academic work is required of all our students. Academic dishonesty is any breach of this integrity and includes such practices as cheating (the use of unauthorized material on tests and examinations), submitting the same work for different classes without permission of the instructors; using false information (including false references to secondary sources) in an assignment; improper or unacknowledged collaboration with other students, and plagiarism (including improper use of artificial intelligence programs). Tyndale University takes seriously its responsibility to uphold academic integrity, and to penalize academic dishonesty. Please refer to the [Academic Integrity website](#) for further details. Students must review the policies and procedures regarding Artificial Intelligence (AI) outlined in [Academic Calendar](#) and consult guidance from their course instructors.

For proper citation style, consult [Citation Guides](#) for different styles. Students are encouraged to consult [Writing Services](#).

Students should also consult the current [Academic Calendar](#) for policies and expectations on Attendance and Classroom Expectations, Academic Honesty, Gender Inclusive Language in Written Assignments, Late Papers and Extensions, Return of Assignments, and Grading System.

The Use of AI:

In this course the student is **NOT** allowed to use artificial intelligence programs to research and write their papers. This will be considered plagiarism.

Some of the reasons why you should not use AI in this course are the following: By doing your own work and engaging in the material directly, you develop important life skills like critical thinking, analytical skills, and problem-solving. Learning how to research, write, and synthesize material are all part of the educational process of learning, and are essential and transferable life skills. If you use AI to write your paper and submit it as if you wrote it, it is not only a question of academic integrity and ethics, but you are also short-changing your learning experience. Learning how to communicate well in writing and completing various assignments is very rewarding. You will build confidence and develop a sense of achievement which brings joy and satisfaction.

Turnitin Text-Matching Software

Tyndale has a subscription to Turnitin, a text-matching software that ensures the originality of academic writing and verifies the proper citation of all sources. The instructor for this course will use Turnitin for assignments submitted through your course resource page at classes.tyndale.ca. Upon submission, you will receive a summary that includes your submitted files along with a similarity report generated by Turnitin. Please be aware that Turnitin can also detect AI-generated content from tools like Grammarly, so students should be mindful of when using such software. It's advisable to confirm with your instructor before using any AI tools into your assignments. Below are some useful resources:

Research Ethics

All course-based assignments involving human participants requires ethical review and may require approval by the [Tyndale Research Ethics Board \(REB\)](#). Check with the Seminary Dean's Office (seminaryoffice@tyndale.ca) before proceeding.

Late Papers and Extensions Policy

All papers and course assignments must be submitted by the due dates indicated in the course syllabus. Unless the instructor already has a policy on grading late papers in the course syllabus, grades for papers submitted late without an approved extension will be lowered at the rate of two-thirds of a grade per week or part thereof (e.g., from "A+" to "A-," from "B" to "C+"). Please note that some programs, such as cohort-based or intensive courses, may follow a different policy due to the nature of the program.

Faculty may not grant an extension beyond the last day of exams for the semester. Requests for extensions beyond this date must be addressed in writing to the Registrar by filling out the [Extension Request Form](#). The application will be considered only in cases such as a death in the family, medical emergency, hospitalization of oneself or immediate family member or prolonged illness requiring treatment by a physician. Factors such as assignments for other

courses, holidays, and technology-related difficulties are insufficient grounds for requesting an extension.

A temporary grade of incomplete (“I”) may be granted by the Registrar. Once an extension is granted, it is the student’s responsibility to contact the instructor and make satisfactory arrangements to complete the outstanding work. A grade of “F” will be recorded for students who do not complete the outstanding work by the deadline.

E. COURSE EVALUATION

Tyndale Seminary values quality in the courses it offers its students. End-of-course evaluations provide valuable student feedback and are one of the ways that Tyndale Seminary works towards maintaining and improving the quality of courses and the student’s learning experience. Student involvement in this process is critical to enhance the general quality of teaching and learning.

Before the end of the course, students will receive a MyTyndale email with a link to the online course evaluation. The link can also be found in the left column on the course page. The evaluation period is 2 weeks; after the evaluation period has ended, it cannot be reopened.

Course Evaluation results will not be disclosed to the instructor before final grades in the course have been submitted and processed. Student names will be kept confidential, and the instructor will only see the aggregated results of the class.
