I. COURSE DESCRIPTION

This foundational and introductory course seeks to develop a biblical-theological, historical and cultural understanding of leadership in the church, ministry organizations and the marketplace. Each student will gain insight into their leadership potential, gifts, values, preferences, style, and skill levels. They will grow in their ability to think and respond as leaders in whatever

settings they serve. Students will implement their understanding of leadership and reflect on those implementations.

This will be a synchronous online course, utilizing various digital platforms. The course will incorporate live weekly Zoom classes held during the regular class period, breakout space for small group discussions, some pre-recorded video instruction, small group participation (held at mutually convenient times during the week), individual study and regular digital or in-person office hours (allowing students to more informally interact with the professor).

II. LEARNING OUTCOMES

At the end of the course, students will be able to demonstrate:

- 1. actions and attitudes that reflect a Biblical approach to leadership that is also informed by current leadership theory and practices.
- 2. an understanding of team dynamics by cooperating with other class members in a team setting.
- 3. an approach to leadership that reflects the integration of an organic paradigm and the complexity of systems dynamics.
- 4. their own personalized leadership approach by identifying their character strengths, personality profile, leadership style, and growth challenges based on self-awareness, reflection, and feedback.
- 5. their modified leadership approach as they accomplish Kingdom work on a regional, national, or international level in a ministry or marketplace setting.

E. ASSIGNMENTS AND GRADING

1. Class and Small Group Participation: 10% of final grade

Students must prepare for each class session as outlined. Preparation is reflected in consistent, intentional and quality class/forum/small group engagement. Specifics of forum engagement are specified for each week on the course page (Moodle). Course delivery is enhanced by active, ongoing engagement with the lecture content and the readings and with one another. This grade will reflect attendance, engagement, small group participation and the completion of the assigned readings. Absence and lateness will lower this grade. See the Academic Calendar for the excused absence policy.

^{*}exceptions with permission from professor

Basis of grade: Class presence, participation in small group discussions, informed (from the readings and personal reflection) interaction and effective cooperation with your project team. This requirement is related to all outcomes.

2. Assessment Tools - Completion and Reflection: Various due dates; 10 % of final grade

This grade will reflect the completion of five easy-to-complete assessment tools (listed above in the Required Readings and Self-Evaluation Assessment Tools section), three short twopage reflective assignments, and ongoing in-class individual and group reflective experiences. Details and due dates can be found on the course schedule outlined below and on the classes.tyndale.ca class page.

Basis of grade: Completion of class-to-class reflective assignments and posting results on the course page as indicated. This requirement is relevant to outcomes 4 & 5.

3. Case Study on Change: Due on February 16, 2023; 25 % of final grade (1500-2000 words or 8 pages double-spaced max)

Describe a real-life situation in your ministry/work context either where a significant change recently occurred, or one where a significant change needs to occur (from your perspective). Employing information from the class and from your reading, assess the situation. Describe the situation, analyze what happened, suggest what needs to happen and how will that change come into being? What role should leadership play in seeing that change happen? How would you lead the required change? This assignment should conform to the case-study guidelines posted on the course page and insight gained in class and the readings. The case study should not be longer than 2000 words in length or eight doublespaced pages. While not intended to be research-focused, sources, including course material, must be cited using Chicago style. More specific guidelines will be provided in class.

Basis of grade: The ability to accurately describe the situation, understand the problems and systems involved and provide clear analysis based on theological reflection, leadership principles and learning from the course. This requirement is relevant to outcomes 1, 3 & 5.

4. Action Learning Project/Presentation: Due on March 30 or April 6, 2023; 20 % of final grade

Students will be expected to work in teams of 4-6 throughout the course, reflecting on a specific leadership challenge, scenario, case study or opportunity that must be drawn from the real experience or context of one of the team members. The project topic and focus will be chosen by the group members collectively, and shall be a situation one of your group members used in Assignment #3 (Case Study on Change). It must be a real-life situation where all team members can contribute insight and provides each team member an opportunity to develop their own leadership capacity while cooperating as a team. All team members will be accountable to monitor and encourage the full participation and contribution of other team members. Teams will make a 15-20 minute presentation of their project to the class during one of the last four sessions of the term. More specific presentation guidelines will be discussed during class and available on the course page. The other members of the class (those not in the presentation group) will participate by being the audience and asking questions and then analyzing and grading the presentations. Presentation slides (PowerPoint, Prezi, etc.) must be handed in to complete the assignment.

Basis of grade: Quality of teamwork as evidenced throughout the class schedule (groups will be formed in week one), quality and creativity of team presentation and quality of integrating the class material presented during the course. All team members will receive the same grade. This requirement is relevant to outcomes 1, 2 and 3.

5. Summative Leadership Reflection Paper: Due on March 30, 2023; 35 % of final grade (2500 words)

This leadership essay is a summative, integrative reflection paper that requires you to discern the growth and change that is occurring in your life. The essay should focus on your understanding and personal integration of the various self-assessments conducted during the course and other material drawn from the course lectures, discussions and readings and your experience in your group. You will describe how this new learning might be integrated into your life as a Christian leader and how it may now affect the discernment of your vocation, theology of leadership, and future missional efforts. Conclude with observations of where you might need to grow as a leader (in your context) and outline some specific steps you plan to take or practices you will adopt to achieve that growth. You may want to come up with a personalized list of key leadership principles that apply specifically to you (your own Habits, Disciplines, Styles or Practices). This may also become the foundation for a personal theology of leadership or philosophy of ministry. While not intended to be research-focused or highly academic, sources must be cited using Chicago style. The use of personal pronouns is permitted and encouraged.

Basis of grade: Demonstrated self-awareness and personal growth (movement) in the understanding of personalized leadership principles, the capacity to engage in theological reflection and the application of the assessment tools and course material to personal and leadership development. This requirement is relevant to all outcomes.

F. EQUITY OF ACCESS

Students with permanent or temporary disabilities who need academic accommodations must contact the Accessibility Services at the Centre for Academic Excellence to register and discuss their specific needs. New students must self-identify and register with the Accessibility Office at the beginning of the semester or as early as possible to access appropriate services. - A clear thesis and a straightforward line of reasoning
- Appropriate use of reference material in Chicago citation style
- Willingness to examine and be critical of your own views and practice
- Creativity

2. Matters of Style:

Unless otherwise indicated, use full sentences and paragraphs written in Times New Roman 12-point font, with 1 inch margins. There should be no extra spaces between paragraphs, instead each new paragraph should be indented. The number of pages listed does not include the title page or bibliography (which should be included if references are used). Footnotes are to be included, rather than endnotes.

Use Turabian or Chicago style guide for formatting, title page, footnotes and bibliography. For proper citation style, consult the Chicago-Style Quick Guide (Tyndale e-resource) or the full edition of the Chicago Manual of Style Online, especially ch. 14. For citing scripture texts, refer to sections <u>10.44 to 10.48</u> and <u>14.238 to 14.241</u>.

3. Submission of Work:

All written papers should be submitted as a MS Word document on the Tyndale LEAD 0510 online course (Moodle) page. PDF documents are also acceptable. Submit assignments in the following way: YourlastnameYourFirstnameAssignmentname.docx. For example: SmithJohnReflectiveLeadershipEssay.docx. In-class assignments should also be submitted electronically to the class page using the same naming format. Smaller assignments requiring diagrams may be handwritten (or drawn), but then should be scanned and submitted electronically to the class page as PDF's. (Note: students can scan and email documents—to themselves or to others—from any photocopier at Tyndale.) Self-evaluation assessment test results may be submitted as a "screen capture" image and submitted electronically to the class page.

Grades for papers submitted late without advanced permission are lowered at the rate of one third of a grade per day to a maximum of one grade per week for each week late (e.g., 1st day late is 1/3 off ["A" to "A-"], 2nd day is an additional 1/3 off, 3rd to 7th day late moves mark one whole grade lower ["A+" to "B+" or from "B" to "C"]). Each subsequent week the mark will be lowered by an additional grade.

4. Back Up of Work:

Until you have received confirmation of your final grade, students are required and may be asked to produce backup copies of their assignments. In addition, computer crashes, lost files, etc., will be deemed as an inadequate reason for not submitting a paper on time. Students are strongly advised to regularly back up their work in a secure manner.

Academic Integrity

Integrity in academic work is required of all our students. Academic dishonesty is any breach of this integrity, and includes such practices as cheating (the use of unauthorized material on tests and examinations), submitting the same work for different classes without permission of the instructors; using false information (including false references to secondary sources) in an assignment; improper or unacknowledged collaboration with other students, and plagiarism. Tyndale University takes seriously its responsibility to uphold academic integrity, and to penalize academic dishonesty. Tyndale uses "Turnitin" as a tool to help students identify the level of copied material in their own work and to give professors a guide to evaluate student work. Avoiding Plagiarism tip sheet.

Students are encouraged to consult Writing Services. Citation and other tip sheets.

Students should also consult the current Academic Calendar for academic polices on Academic Honesty, Gender Inclusive Language in Written Assignments, Late Papers and Extensions, Return of Assignments, and Grading System.

Tyndale's policy for class attendance states: Three or more unexcused absences from a semester-based course, or one day or more from an intensive course, will constitute grounds for failing that course. Excused absences include death in the family, hospitalization of yourself or a member of your immediate family, a prolonged illness for which you require treatment by a physician, and COVID symptoms. Excused absences will not be granted for late registration, ministry responsibilities, mission trips, etc.

Research Ethics

All course-based assignments involving human participants requires ethical review and may require approval by the Tyndale Research Ethics Board (REB). Check with the Seminary Dean's Office (<u>aau@tyndale.ca</u>) before proceeding. This will not be required for this course.

I. COURSE EVALUATION

Tyndale Seminary values quality in the courses it offers its students. End-of-course evaluations provide valuable student feedback and are one of the ways that Tyndale Seminary works towards maintaining and improving the quality of courses and the student's learning experience. Student involvement in this process is critical to enhance the general quality of teaching and learning.

Before the end of the course, students will receive a MyTyndale email with a link to the online course evaluation. The link can also be found in the left column on the course page. The evaluation period is 2 weeks; after the evaluation period has ended, it cannot be reopened.

Course Evaluation results will not be disclosed to the instructor before final grades in the course have been submitted and processed. Student names will be kept confidential and the instructor will only see the aggregated results of the class.
